

## Talent Scout Interviews 1,500 For Nixon Jobs

WASHINGTON (AP) — The chief talent scout for the Nixon administration's first team is a doctor of divinity who once graded potatoes and now grades potential secretaries of state.

And Dr. Glenn A. Olds doesn't think the best potatoes or men necessarily come in neat round-ed packages.

Olds, former president of Massachusetts' Springfield College, spent seven months interviewing 1,500 persons—sizing them up as possible cabinet secretaries, advisers, administrators and consultants for Richard M. Nixon.

As Nixon and his advisers go through the process of selecting the men to replace Johnson ad-

ministration appointees, they are working with Olds' scouting reports. There is a folder for each major appointive position open to the President-elect with cross references.

In studying them, Nixon will find some surprises.

Olds, who declined to name names in an interview, said he recommended some of the top

men in the country for roles that might be considered unusual—under the theory square pegs get stale in square holes.

"I used to run a potato sorter and I just don't believe that all the best meat comes from this round package," said Olds, his fingers shaping a circle.

"In fact, I have a little suspicion of the well-rounded man

with the short-radius. I think we need angularity. We need creativity."

"You know Whitehead (Alfred North Whitehead, mathematician and philosopher) once said that ideas are like fish; you catch them fresh or they stink . . . You get a man habituated to a field, he goes stale.

How did he become Nixon's

talent scout? "I backed into this thing," he said, by writing a memorandum on a new foreign policy strategy which was shown to Nixon by a mutual friend.

Thus he became Nixon's special assistant for manpower and development with a "clear understanding" between them.

Said Olds:

"Mr. Nixon said, 'Glenn, I don't want you to be concerned with political partisanship and so on, there'll be enough people involved in the campaign that will be concerned about those things. I want you to be concerned with competence and the quality of the input, both in people and of ideas.' I've operated totally on that basis."

W. AVERELL HARRIMAN gestures during his conference with President-elect Richard M. Nixon at Nixon's Hotel Pierre headquarters in New York. Harriman, chief U. S. Negotiator at the Paris peace talks, said later he is confident Nixon will send a personal observer to Paris talks. Nixon later stated he will not send an observer before he takes office. (AP Wirephoto)

## No Nixon Envoy At Paris Talks

LOS ANGELES (AP) — President-elect Richard M. Nixon has reaffirmed his intention not to send an interim observer to Paris to sit in on the Vietnam peace talks.

Earlier Thursday W. Averell Harriman, the chief U.S. negotiator in Paris, emerged from an hour-long meeting with the President-elect and indicated that a representative of the new administration probably would be sent to Paris before the first of the year.

"I got the impression that he will send an observer," Harriman said of Nixon, "but I don't know who he will be or when he will come."

"It seems to Mr. (Cyrus R.) Vance and I that this will be a very excellent way to show continuity," Harriman said. "It was perfectly clear that Mr. Nixon wanted to have a continuity in these negotiations."

**Ziegler In Middle**

Standing beside Harriman at that moment was Ronald L. Ziegler, Nixon's press spokesman, who, less than 24 hours earlier, had disclosed that Nixon already had reached a tentative decision against sending a pre-inauguration envoy to Paris.

On this later occasion, Ziegler listened to Harriman express confidence such an emissary would be dispatched and commented: "The thinking at this time is leaning toward sending an observer."

**Governors Meet**

Ziegler interposed no objection when Harriman further related that both he and Cyrus R. Vance, deputy negotiator in Paris, would be replaced by one or more Nixon appointees soon after Jan. 20. Harriman did say Vance might remain in Paris "only a few days" to help the Nixon team.

### Weather

ESCANABA AND VICINITY—Mostly cloudy and colder today with snow flurries, high near 20. Partly cloudy and colder tonight with chance of snow flurries, low 10. High yesterday, 24 and low overnight, 15. Partly sunny and continued cold Saturday, high near 20. Winds northwest, 15 to 25 mph, today, diminishing slowly tonight and becoming northwest to west, 10 to 18 mph, Saturday. Precipitation probabilities: today, 60%; tonight, 30%; Saturday, 20%.

Upper Peninsula — Snow flurries this afternoon and tonight, mostly in the east portion and near Lake Superior high this afternoon in the 20s. Colder tonight with low of 6 to 12 near the lakes and 2 to 8 in the interior. Mostly cloudy and colder Saturday with high of 15 to 22. Sun sets today at 4:04 p. m., and rises Saturday at 7:15 a. m.

Then came a clarification from President Johnson's Air Force One carrying Nixon non-stop to Los Angeles. Ziegler, who had not been present at the Nixon-Harriman conference,

told a small group of newsmen aboard the plane that Harriman apparently had received an erroneous impression. The Nixon spokesman issued a formal statement that began:

"There will be no observer sent to Paris by President-elect Nixon between now and Jan. 20 . . . following the inauguration, Mr. Nixon will, of course, send a representative to Paris."

**Fund-Raising**

This was in keeping with Nixon's previously stated position

prior to the Harriman meeting, that he would do nothing to inject himself into the Vietnam talks until they were his responsibility as president.

The President-elect attended a \$250-a-plate dinner raising funds for building a new Roman Catholic Santa Marta Hospital in a Mexican-American neighborhood of the city. The host was James Francis Cardinal McIntyre, archbishop of Los Angeles.

Today Nixon flies to the Southern California desert resort city of Palm Springs for the annual meeting of the Republican Governors Association.

CHICAGO (AP) — The Walker report accusing Chicago police of undue violence in shutting down Democratic convention week disturbances was substantially rewritten under the direction of Atty. Gen. Ramsey Clark before being released, the Chicago Tribune said today.

The Tribune said in a copy-right story by Chesley Manly

### Denied

WASHINGTON (AP) — Atty. Gen. Ramsey Clark described today as "pure fabrication" a published report that the Justice Department rewrote the special report on violence during the Democratic National Convention.

Clark acknowledged government attorneys received advanced copies of the report, but said the department's only suggested changes involved deletion of comments on cases under investigation.

The department did not suggest the change of even one word in the summary, he said.

that it was advised by an authoritative source Thursday of Clark's role in the final draft of the controversial report released Sunday in Washington.

**Job Involved**

The report was prepared by the Chicago study team of the President's National Commission on the Causes and Prevention of Violence. It was submitted by Daniel Walker, a lawyer who is president of the Chicago Crime Commission and who headed the study team.

According to the Tribune's in-

formant, Walker took copies of his report to Washington and showed them to half a dozen persons, including Clark. The attorney general was not satisfied and the report—particularly the summary, which accused Chicago police of unrestrained brutality against demonstrators—was rewritten under Clark's direction.

The Tribune gave this account of other background on the report and how it came to be released Sunday:

Walker wanted to be named special prosecutor for a federal grand jury now investigating the convention week violence and he was supported by Clark for this role. However, the idea was rejected by Chief Judge William J. Campbell of U.S. District Court in Chicago.

**Special Favors**

Judge Campbell, who is directing the grand jury probe, said Wednesday the timing and motivation of the report compiled by Walker should be scrutinized by the grand jury. He

## Czechs Replace Liberal-Minded Press Chief

PRAGUE (AP) — The Czechoslovak government has replaced its liberal-minded press control chief amid a cross fire of criticism of his department.

Prague Radio said Thursday night that Deputy Premier Petr Colotka was being replaced as chairman of the committee for press and information by Deputy Education Minister Jaroslav Havelka. Colotka will continue to be a deputy premier.

No reason for the change was announced, but Communist party leader Alexander Dubcek told 1,200 miners in North Bohemia Thursday night that the press must work to implement party policy.

"It is necessary to increase the responsibility of publishers for the activities of mass information media in order that they become an instrument that will consistently and with initiative help to implement the policy of the party," he declared.

"This is not a question of re-cremations but a placing of emphasis on the active Socialist approach of all media of information to the present-day tasks, in order that our society may pass through the present complicated period in an organized way—without a deeper upheaval."

The press and information committee was created in response to demands from Moscow for an end to the freedom of the press and radio which Dubcek's regime had allowed to flourish since last January. A curb on the press was one of the purposes of the Soviet invasion last August.

Colotka had been seeking to reopen channels of information to Czechoslovak journalists, and his efforts had been appearing in the censorship and controls his committee was supposed to enforce.

**Tiger Pitcher**

LEESBURG, Fla. (AP) — Former Detroit Tiger pitcher Emil O. Yde, 68, who was reportedly the first major leaguer to use the submarine ball, died Wednesday night at his home in Leesburg.

Yde pitched for the Pittsburgh Pirates from 1923 through 1925, and for Detroit from 1926 through 1935. He spent most of his early years in Freeport, Ill., moving to Leesburg in the 1930s. He was born in North Chicago, Ill.

### Table Is Problem

PARIS (AP) — A developing struggle over procedures threatens further delay in the start of bargaining to end the Vietnam war.

In two private meetings this week, the United States and North Vietnam have agreed on the room and the languages to be used at the outset of the conference. But they are disputing whether the four delegations will sit at a square or rectangular conference table, a seemingly minor issue with major overtones.

North Vietnam's chief delegate, Xuan Thuy, told newsmen at a reception Thursday night North Vietnam and the Viet Cong's National Liberation Front want a square table. This would underline the Communist view that the Paris conference is to be a four-party affair.

Thuy said the Americans plugged for a rectangular table, with two long sides representative of the U.S. view that the talks will be between a Communist delegation and a joint U.S.-Saigon delegation.

**Need A Table**

How important was all this, Thuy was asked.

"Whether it's important or not it must be resolved," he replied. "You cannot sit down at a conference without a table."

U.S. Ambassador Cyrus Vance and North Vietnam's Col. Ha Van Lau, who have been conducting the private sessions, were scheduled to meet again today or Saturday to tackle the table issue again.

They have agreed that the deputy leaders of the four teams will begin the expanded conference by working out the rules of conference procedure.

Vance said in an interview broadcast Thursday by the British Broadcasting Corp. that he hoped the expanded talks, delayed now for a month by Saigon's boycott, "will get under way the first part of next week."

**LBJ, Nixon Same**

But Pham Van Ba, head of the NLF information bureau in Paris, told newsmen this was highly improbable because of the number and difficulty of the points still to be settled.

# UPCAP Asking \$129,978 From OEO For 1969

**By W. H. TRELOAR**  
Of Panax Newspapers

ISHPEMING — To implement a program of greater emphasis of coordinating activities between recipients of Office of Economic Opportunity grants, the delegate body of UPCAP, meeting here Tuesday to request a grant of \$129,978 for the 1969 program.

The greatest single change in the grant from 1968 levels is addition of a specialist for sheltered workshop, others being minor changes, bringing the amount to \$17,000 over the 1968 level.

This is the first time that UPCAP has been able to submit a grant request, with itemization of costs, two months in advance of the completion of its current project.

Daniel Bonetti of the UPCAP staff presented the program to the delegate body.

**Communication Lack**  
The grant calls for assistance to Community Action Agencies

grams for Community Action Agencies, with planning, more recipient involvement and offering technical assistance to gain more knowledgeable understanding of the projects.

One of the complaints offered by the OEO is evaluating the UPCAP work the past year was lack of communication between UPCAP and some of the recipient agencies, particularly in the Community Action field.

Bonetti's report and the action of the executive committee was designed to meet this criticism.

**Further Staff Training**  
Bonetti continued that there would be further Community Action training, particularly in development of Head Start programs, proposal writing, neighborhood youth programs, training new personnel for sheltered workshops for both mentally and physically incompetent persons, for training at the management level and some marketing so that articles made in these workshops might find consumer demand.

## Meetings

Quarterly sessions of UPCAP for 1969 were determined. Following a suggestion that the sessions be allocated to different communities, the delegate body voted for Manistique, March 4; St. Ignace, June 3; L'Anse, Sept. 3, and Escanaba, Dec. 2.

in researching poverty programs; developing communications in the human resource fields with special emphasis on gaining communication and sustaining coordination; developing a level of competence and sophistication on specific pro-

## Two Council Vacancies:

# Supervisors - Elect To Vacate Dec. 30

As of Dec. 30 when Councilmen Harold Vanlerberghe and H. George Nelson take oath as members of the Delta County Board of Supervisors there will be two vacancies on the Escanaba City Council to fill by appointment.

They were elected to the Board of Supervisors on Nov. 5 and they and other elected county officers will be sworn in by Circuit Judge Bernard Davidson at the County Building on Dec. 30.

An opinion from City Attorney John G. Erickson on whether Vanlerberghe and Nelson could continue to serve as members of the council while they assumed elected positions on the county board was requested by the Council and was read Thursday night.

**May Not Hold Both**  
Erickson's opinion is that members of city councils who are elected to boards of supervisors may not also retain membership on the council. His opinion coincides with a ruling of the attorney general of Michigan. The city attorney advised the Escanaba Council in part:

"The common law rule is that the two offices as city councilman and county supervisor would be considered incompatible if one office has a reviewing power over the other. In such instances, the manifest conflict of duties makes it improper for considerations of public policy for one person to hold both offices."

"As stated above, Michigan law provides for a Board of Supervisors to negotiate and contract with the city for various joint endeavors. In such negotiations the County Board would be bound to consider the interests of all of its citizens while the City Council, the local governing body, has a like obligation to the citizenry of the municipality alone."

**Will Be Vacated**  
"No man, much less a public fiduciary, can sit on both sides of a bargaining table. He cannot in one capacity pass with undivided loyalty on the proposals he advances in his other role—the offices are thus accordingly incompatible," the city attorney advised the Council.

Erickson in conclusion noted: "A councilman chosen at large to represent a city, who is also elected to represent a specific designated district on the Board of Supervisors, contravenes the one man one vote theory."

Councilman Vanlerberghe interrupted the reading of the

opinion with a question on whether it was necessary, since he and Nelson are to vacate their Council seats, and its reading was "time consuming." Councilmen Robert Bink and Edward J. Cox thought the reading of the opinion should be completed for the benefit of the public—"the listening audience." Council sessions are broadcast.

**Nelson Clarifies**  
Vanlerberghe said he wanted to make clear that he had never sought to hold both positions and also that it is not necessary for him to "resign" from the Council, since his seat will be vacated when he assumes his position on the county board.

Councilman Nelson said that he had written his resignation "months ago" and offered a copy of a letter dated July 15, 1968, in which he said his resignation will take effect Dec. 30. The letter of resignation, he said, "will not be given to the City Clerk until December." It was received in the office of the clerk earlier this week.

Nelson in a statement further clarified his position. He said in part: "I had already made up my mind to do what I felt I had to do to best serve public needs. But, I for one, always like to hear public opinion because that is the taxpayer talking!"

"I have been called a 'con-

trovertable' person many a time because I have 'stuck up' for what I have thought to be right. I'll continue to fight the same way."

**Plan Ceremony**  
"I took the 'wait and see' attitude because then I knew the public would respond with their opinions. They did! And most of them agreed with me! Some did not, but that is to be expected, because there is always the 'die hards'."

The Vanlerberghe and Nelson vacancies will be filled by appointments made by the three remaining councilmen—Mayor Cecil B. Chase, Cox and Bink.

The appointees will serve to the spring of 1970 when the unexpired terms will be filled by election.

Vanlerberghe reported that plans are being made for a ceremony, tentatively set for Dec. 30 at the County Building, when Judge Davidson will give the oath of office to county officers. A final meeting of the Delta County "old" Board of Supervisors will be held on that day also.

The Escanaba City Council will meet next on Dec. 19 in the County Building, since the City Hall council room is being converted to office space. Beginning in the fall of 1969, all Council meetings will be held in the new Catherine Bonifas Civic Center.

# Press Editor On Catholic Board

LANSING (AP) — Four persons, including the editor of The Escanaba Daily Press, have been appointed to the board of directors of the Michigan Catholic Conference.

Appointed were Jean Worth of Escanaba; Dr. Albert Wheeler, associate professor at the University of Michigan Medical School and chairman of the state NAACP; Michael Capo of Royal Oak, controller of the business machines group for Burroughs Corp.; and Helen Casey, a Midland housewife.

The new appointees replace two board members whose terms have expired and fill two other vacancies on the expanded board.

The other lay member of the board is Frank Manley of Flint, executive director of the Mott

Foundation. The board also includes the five Catholic bishops of the state.

## KC May Acquire Lumber Company

SAN FRANCISCO — Preliminary negotiations are in progress for the acquisition by Kimberly-Clark Corp., Neenah, Wis., of American Forest Products Corp.

The announcement said a proposal will be submitted to directors of both companies if negotiations proceed satisfactorily.

American Forest Products has annual sales of \$130 million from a diversified product line including lumber and wood products. It is headquartered here and operates in eight states.

Kimberly-Clark is a diversified paper and cellulose products company with annual sales of \$733 million.

## Holiday Bonus

WYOMING (AP) — City of Wyoming employees received an early holiday bonus today—as 174 persons were given payments averaging \$55 each for longevity and unexpended sick leave. It was the first payment made under provisions of a contract negotiated earlier this year.

A veteran city employee with 27 years' service received the largest paycheck — \$286—under provisions of the contract's career incentive plan.

# Staff Proposes Mich. Con. Be Denied Rate Hike

LANSING (AP)—The staff of the Michigan Public Service Commission recommended Thursday that Michigan Consolidated Gas Co. be denied permission to increase its rates.

The staff findings are not binding on the three-member

commission, which sets utility rates in the state.

Consolidated earlier this year requested rate hikes sufficient to make up what it claimed were cost increases amounting to \$27.7 million a year.

A company spokesman said the firm "would be forced to make drastic reductions in the service it provides for its customers" if the staff findings were adopted by the commission.

"The company also would be forced to abandon all plans to expand its facilities to new communities in the northern part of the state and the Upper Peninsula and would be unable to make any major main extensions to provide gas service to new customers," he added.

The spokesman said he was "confident the commission will take a more realistic view when all the evidence is in." More testimony is scheduled before the commission on the rate increase petition.

## Hayman Will Head Masons

Officers of the Masonic Lodge have been elected and will be installed at a public meeting to be held in the Masonic Temple at 8 p.m. Saturday, Dec. 7.

Harry Hayman of Wells is worshipful master, Delta Lodge 195, F. & A. M., succeeding Robert Jenshak. Other officers are:

Walter Lewke, senior warden; Clifton Reno, junior warden; Edwin Seger, senior deacon; Donald McNeely, junior deacon; Kenneth Christiansen, treasurer; Verne Johnson, secretary; Fred Benette, Nels Ebbeson and Fred Fisher, trustees; and Oscar Carterud, filer.

On Saturday evening the Lodge will be opened at 7:30 o'clock, and guests will be admitted in time for the public installation at 8 o'clock.

Masons, families, friends and guests will be welcomed. Refreshments will be served.

## Escanaba Grad Named Engineer At Delevan

Raymond F. Michaud, Milwaukee, will be the new city engineer of Delevan, Wis. Michaud, 46, will replace C. C. Congdon, who is retiring.

A supervisor in the city of Milwaukee engineering department, Michaud will bring 17 years of experience in municipal engineering fields to his new job.

Michaud is a graduate of the Marquette University engineering school, from which he received a B.S. degree in civil engineering in 1950. He attended schools in Fayette and Escanaba and studied at Michigan Tech before going to Marquette.

A World War II veteran, Michaud served in the U.S. Marine Corps from 1941 to 1946. He was an instructor pilot and held the rank of captain when he left the Marines.

In Milwaukee Michaud is vice president of the Association of Engineers, Architects and Technicians.

"Golden Opportunities For A Golden Year" will be theme of the 50th anniversary meeting of the American Farm Bureau Federation in Kansas City, Mo. Dec. 8-12. Climax of the anniversary year will come at the 1969 annual meeting in Washington, D.C., in December, 1969.

Michigan delegates will be staying at the Dixon Inn, the Downtown Motor Inn and at the Muehlebach Hotel.

One hundred and fifty Michigan Farm Bureau members including members of the Michigan Farm Bureau board of directors and state leaders in Farm Bureau Women will attend the national convention.

## Snowmobile Hunt Taboos Stressed

Robert W. Timmer, district law supervisor of the Department of Natural Resources of District 3 which includes Delta, Marquette and west Alger counties says effective Jan. 1, all snowmobiles must be registered with the Secretary of State. The registration number must be displayed on both sides of the snowmobile.

Persons using snowmobiles for hunting are reminded by Timmer of the firearm regulations. A firearm has to be unloaded at all times when being transported and the firearm or bow must be securely encased. "Officers will be on the lookout for these types of violations as we had complaints last year of this being done," said Timmer.

## Highway Office Move Opposed By City Council

The proposal of the Michigan Highway Commission to move the state highway office out of Escanaba is meeting increasing opposition, with the City Council Thursday noting the harmful effect that would result.

The Council adopted a resolution opposing the Commission's announced plan to fragment the engineering office and place parts of it in Newberry and Crystal Falls. The removal is to be accomplished over a period of the next 18 months, City Manager George Harvey told the Council.

He said that organized labor, business associations and civic groups have indicated their opposition to the state's proposed removal. Downstate the Highway Commission is proposing to bring together operations which it recommends separating in the U. P., it has been pointed out.

**Note Advantages**  
"The citizens of Escanaba are deeply concerned over the possibility of the Michigan Highway Department moving its engineering office from Escanaba," the resolution states. The office has been located

here for more than 50 years and its removal will affect adversely the lives of many people in the community.

The effect economically will be the loss of a payroll of approximately one-quarter million dollars a year.

Escanaba is centrally located, previous highway commissions have been in agreement on the advantages of the location here, and its continuance here will have advantages in savings of operational cost in travel time, and the availability to all parts of the U. P., it was pointed out.

In other business the Council:

Referred to the Planning Commission for consideration a request of Herb Flath to rezoning from residential to commercial two lots at 119-123 S. 23rd St. where he proposes to construct a business building.

**Access Road**  
Adopted a resolution establishing a parking violations bureau, effective Jan. 1, which will provide for the return of all parking violation fees to the City of Escanaba.

Extended to not beyond June 30, 1969, the agreement with Jon Thorin for management of the Escanaba Municipal Airport.

Accepted from the McEwen interests a deed to a strip of land 950 feet long and 40 feet wide to provide for an access roadway around the Harnischfeger plant.

Approved a Conservation Department sanction of a permit to Richard Pryal to clear cattails from the shore at the home he is having constructed on Lake Shore Drive near 22nd Ave. S.

Deferred action until next meeting on the purchase by Bay de Noc Community College of gasoline from the City of Escanaba.

## Grant To Aid U.P. Agencies

WASHINGTON — The U.S. Office of Economic Opportunity today granted \$6,159 to the Upper Peninsula Committee on Area Progress (UPCAP) for technical assistance programs.

Sen. Philip A. Hart (D-Michigan), who announced the grant, said the funds will aid Community Action Agencies in all Upper Peninsula counties.

## Plot To Murder Nasser Phony

CAIRO (AP) — Egyptian intelligence has uncovered a phony plot to overthrow President Gamal Abdel Nasser which was hatched by Israel to create unrest in Egypt, a Cairo newspaper said today.

The report is the latest in a series of Egyptian reports of Israeli espionage activities. Earlier this week Nasser announced that a former prisoner of war released by Israel incited the recent student demonstrations in Alexandria. He said another agent was caught trying to leave the country with classified information and microfilms.

The newspaper Al Gumhurriya said various sources abroad leaked information to the Egyptians that 30 army officers, identified by name and rank, and a number of civilians were conspiring to stage a military coup against Nasser.

The newspaper said careful investigation of the alleged plot revealed that it was a hoax fabricated by the Israelis to foment unrest in the country. Names of the alleged conspirators were selected from daily obituaries in Egyptian newspapers, Al Gumhurriya said.

## Restaurant Fire At South Haven

SOUTH HAVEN (AP)—Damage was estimated at \$200,000 to Holly's Restaurant in Downtown South Haven which was destroyed by a fire that broke out Thursday and was fanned by 55-mile-an-hour winds from Lake Michigan.

Firefighting units from Covert, Bangor and Hartford battled the blaze to keep it from spreading to nearby buildings. No one was hurt.

It was the second major fire the South Haven Fire Department has fought during the past three days as the apple processing plant of the Dilley Packing Co., sustained a \$50,000 loss at nearby Lacota Tuesday.

The 44-year-old Holly Restaurant, the first in a chain located throughout Michigan, was gutted by fire in 1960 and was rebuilt.

The restaurant chain, started by Ward and Hollis Webster in 1924, is still controlled by the family.

More people get more news from newspapers than all other sources combined.

Larry O. Johnson

## Rock Soldier Receives Medal

Army Spec. 4 Larry O. Johnson, son of Mr. and Mrs. Onni Johnson, Rte. 1, Rock, received the Purple Heart during ceremonies in Vietnam.

Johnson was presented the award for wounds suffered in action against hostile forces in Vietnam.

A squad leader in Co. A, 2nd Batt. of the 9th Infantry Division's 39th Infantry near Rach Kien, Johnson entered the Army in Oct. 1967, completed basic training at Ft. Campbell, Ky., and was stationed at Ft. McClellan, Ala., before arriving in Vietnam last May.

The 20-year-old soldier graduated from Rock High School in 1965 and attended Northern Michigan University, Marquette.

His wife, Sue, lives in Flint.

## Andy Griffith Receives Award

RALEIGH, N.C. (AP) — Television and screen star Andy Griffith, a native of North Carolina, received an award Thursday night for exemplifying in his work "the best in the spirit in democracy and good will."

Gov. Dan Moore presented him the National Brotherhood Award sponsored by the National Conference of Christians and Jews. Some 500 persons attended the \$50 per plate dinner honoring Griffith, who grew up in Mt. Airy.

## Briefly Told

Ivan Louis Hardwick, Nahma, and Krystal Ruth Ward, Garden, have applied for a marriage license at the County Clerk's office.

The Bay de Noc Toastmasters Club will meet at 6 p.m. Monday at the Sherman Hotel for a program to be presented by Arthur Brien, Don Seymour, Tom McDermott, Dick Powell, Ray Chase, William Miller and Walt Peterson.

Escanaba police have issued traffic court notices to James A. Pepin, 217 N. 19th St., failing to yield the right of way; and to Thomas E. Lynch, Wells, for disobeying a traffic signal.

Susan Nyberg, 19, of Gladstone, a passenger in a car driven by Dorell Butch, 19, of 1120 Dakota Ave., was slightly injured about 10:25 a.m. Thursday in an accident on U.S. 2 and 41 in Wells Township. Troopers said the car ran off the divided highway into the median area and struck a small tree.

Soren J. Holm, 65, of Rte. 2, Rapid River, who was arrested by State Police Thursday on a warrant for unlawfully driving away of an automobile on Nov. 22, pleaded innocent today when arraigned in Municipal Court. He was remanded to the Delta County jail pending the posting of \$500 bond. Troopers said the car was owned by Albert Kurth, Rte. 1, Gladstone, and was taken from Rapid River.

The Knights of Columbus Council No. 640 will hold its annual Christmas Party for adults at 8 p.m. Saturday in St. Anthony's Church at Wells. Ladies are to exchange gifts. Entertainment will be provided and prizes will be supplied through the generosity of local businessmen. Refreshments and lunch will be served. Irving Houle, Walter Johnson and Roger Jenshak are in charge of arrangements.

Richard Cretens, 30, Rte. 1, Escanaba, was ticketed by State Police for failure to yield the right of way after a two-car accident Thursday in Wells. Officers said he pulled his car from a driveway into the path of a car driven by Zelma Clumore, 43, Roanoke Rapids, N.C. Also ticketed Thursday were Ray Arrington, Magnolia, Ark., driving wrong way on divided highway; Raymond Sandy, Greenlund, Mich., speeding; Michael Maskart, 302 Michigan Ave., Gladstone, expired operator's license; Donald Nyquist, Gwinn, excessive noise, and Frank Stropich, 1012 N. 20th St., exceeding truck speed limit.

## Kelley Warns Of Watch Bargains

LANSING (AP) — If you plan to put watches in your Santa Claus sack this Christmas, be careful what you buy, warns, Atty. Gen. Frank Kelley.

Kelley said Thursday that certain nonfranchised Michigan jewelers are selling second-hand watches at inflated prices and in violation of state law.

Some have been ordered to cease and desist "the deceptive advertising" of the watches, the attorney general said. But he added, consumer vigilance is the best protection available.

Kelley explained the practice this way: A wholesaler apparently purchased a number of watches outside the United States, removed the serial numbers so they could not be traced and sold them to outlets in this country.

Typical procedure is for the jeweler to advertise the watches—a well known brand (most frequently — Omega)—saying they "regularly sell for \$124 but are available at the special price of \$79."

The fact is, Kelley said, that reputable franchised dealers of the brand customarily sell them for \$65.

Sales of these watches have been heavy throughout the metropolitan areas of the state, with large numbers being sold in the outstate cities of Muskegon, Benton Harbor, Grand Rapids, Kalamazoo, Lansing and Jackson, Kelley said.

He added that besides paying

extra for the watches, customers do not have the benefit of the watch manufacturer's guarantee since the company will not honor the guarantee if the watch has not been sold by a franchise dealer and if the serial number has been obliterated.

Michigan law requires that a tag be placed on secondhand watches, saying they are secondhand. The law also provides that advertising of such watches must disclose prominently the fact that the watches are secondhand.

Kelley said obliteration of the serial number makes the watches secondhand.

He urged consumers to make sure they are buying watches from franchised dealers, that the watches are not secondhand and that they are getting the manufacturer's guarantee.

## Oscar Dahlin Taken By Death

Oscar Edwin Dahlin, 73, of 512 S. 15th St. died at 4:30 p.m. Thursday at St. Francis Hospital where he had been a patient for two weeks.

He was born Sept. 13, 1895 in Escanaba and was a retired section worker for the Chicago & Northwestern Railway. Mr. Dahlin was a member of Bethany Lutheran Church.

He is survived by his widow, the former Elsie Bowman of Escanaba; five sons, Clarence of Kingsford, Arthur of Marquette, Arnold, Hyde Park, N.Y., Robert and Donald of Escanaba and eight grandchildren. Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Sunday and complete funeral services will be conducted at 11 a.m. Monday at the funeral home chapel with the Rev. Walfred Nelson officiating. Burial will be in Lakeview Cemetery.

## November Up In Traffic On Mackinac Bridge

ST. IGNACE — Mackinac Bridge traffic and revenues for November were higher than for the same month a year ago, but trailed November 1965 and 1966.

There were \$1,269 hunter vehicles north-bound this year compared with 29,219 a year ago, substantially less than hunter vehicles crossing during the 1965 and 1966 big game seasons when there were different opening dates in the Upper and Lower Peninsulas.

November traffic was up 5.2 per cent from 103,243 crossings to 108,592. Revenues showed an increase of 5.8 per cent from \$457,773 to \$484,278. Truck traffic was up 12.9 per cent.

For the first 11 months of 1968, traffic is up 7.7 per cent from 1,352,780 vehicle crossings to 1,456,646. Revenues are up 8.3 per cent from \$5,932,839 to \$6,424,270. Truck traffic is up 17.5 per cent.

## Le Grande Turismo

The Upper Michigan Tourist Association has a new directorate. It is younger and more identified with tourism and Upper Peninsula recreational development than any board in UMTA's decade of service. It will have a bigger state subsidy — \$60,000 — to work with than the Upper Peninsula has ever had before in its efforts to develop tourism.

And it has some problems, too, of course. (There would be no need for directors if UMTA had no problems.)

The biggest problem of the Tourist Association is one that attended its birth and which has stayed with it in the 10 years since then.

It is the simple fact that the bugles of tourism in the Upper Peninsula do not automatically attract an army with banners. The Tourist Association has a heck of a time building up a membership income that is sufficient for its needs, and the minute it starts pumping up the membership it collapses. Currently it is \$20,000 in arrears to UMTA, which could use the dough.

This newspaper believes that it's very important for the Upper Peninsula to have a good tourist business promotional agency. Everyone is agreed that the Upper Peninsula is uniquely endowed by nature with attractions that can have great value for a recreation area — its world famed waters like Superior, its huge forests, its streams, its varied climate, its spectacular sunrises and sunsets, its geology and mining and quarrying, its hunting and fishing and scenic wonders.

Especially its historicity: When the English were only beginning settlement on the Atlantic Coast, the French were here haggling with the Indians about the price of beaver pelts. And, of course, our people, and we don't have in mind only those who wear their hats to bed.

If these great resources for a huge and growing business of travel and pleasure are to be put to use, it will require several agencies to develop our attractions and to inform people that they're available. We have the Michigan Tourist Council as the state's agency, and we have the Upper Michigan Tourist Association as our regional agency, subsidized by the state, one of four such organizations in Michigan.

UMTA has been suggesting for some years that tourism affects the whole economy of the U. P. and should be the concern of all its elements. Our industries don't buy this and we're inclined to support their position. If they stay profitable, provide employment, pay their taxes and meet their community's calls, this discharges their civic obligation.

There are, however, many industries of the service type that have a direct stake in tourism and which make money from it. A few of these support UMTA handsomely; most don't. This is the partnership that needs development. UMTA would like to sell them memberships because theoretically that makes them lifetime partners, but it isn't working out that way.

For one thing it's possible to be a member and not know what UMTA is doing and this is the crux of the thing. Anyone on the inside is certain to be impressed with the volume of mailings by the Tourist Association to persons who are seeking a vacation spot. And be impressed by the volume and variety of literature that it makes available to tell people where they can find accommodations, fishing, hunting, picnic areas, campgrounds, beer or frying pans in the Upper Peninsula.

It is our official Host, expressing the hospitality of the area to visitors. Its headquarters is in Iron Mountain, but its service is everywhere, from the River Ste. Marie to the Montreal, from Menekau to Copper Harbor. Successor to the famed old U. P. Development Bureau, it will be 10 years old in June and celebrating at Marquette where it was formed, its first decade with a program of expanded usefulness. We should be listening to its bugles.

## BARBS By PHIL PASTORET

## Alpena Catholics Attend Public High Half Days

ALPENA—Catholic Central High School here cut its budget 38 per cent this year and yet raised the level of its education program.

Three other Catholic schools with junior high grades also are operating at lower costs and bigger curriculum.

The secret? Dual enrollment at the public schools.

The expanded program this year has enabled 641 Catholic students to attend private school for a half day and a public school for the other half.

Half of the Catholic pupils report to the public system in the morning and the other half to the private system. Public school buses are used at noon to transport each half to the other system.

Under dual enrollment, Catholic Central High cut its staff nearly in half, from 16 to eight fulltime and from five to four parttime members.

Catholic Central students continue to pay \$60 tuition as in the past but the deficit is no longer a great burden for the parishes which are assessed per pupil.

The parochial school system provides courses in religion, English and social studies with the public school system responsible for all other subjects.

Sister Agnes Clare, CCHS principal, said the three courses were chosen because they are basic humanitarian subjects and do not require large expenditures for equipment such as typewriters and office machines.

Public school officials said it was no problem accepting the dual enrollment program.

Schools Supt. Larry McConnell feels the public system has a responsibility to all youngsters, not just those enrolled

full-time in the public schools. Fifteen additional public school teachers were hired this year to meet the new demands but additional state aid for the part-time students pays for approximately 42 per cent of the teacher costs.

"What is best for the student is best for the community and the school system," said Maynard Cohen, president of the Alpena Board of Education. He added scheduling was the only difficulty in the program.

Catholic schools now use the public school calendar and "free days" such as holy days and others are no more.

Fr. Isidore Mikulski, dean of the Alpena Deanery, said the

dual enrollment program was the only avenue left open to the Catholic school system because of financial conditions.

Catholic leaders are trying to keep the students' identity with the parochial system with more school activities, clubs and school papers. Athletics also are continued at all of the Catholic schools.

There is some rivalry among students from Catholic Central and Alpena Senior High but discipline has been good, school authorities report.

## People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

♥ A K			
♠ K J 1064			
♦ 1086			
♣ J 106			
Both vulnerable			
West	North	East	South
1 ♣	1 ♠	2 ♥	
Pass	3 ♥	Pass	3 N.T.
Pass	4 ♥	Pass	Pass
Opening lead—♠ 3			

South's three no-trump call was the winning bid. It was also well-thought-out. He did have five pretty good hearts and his partner had raised him but his distribution was 5-3-3-2 and he felt that the hand would probably produce as man ytricks at no-trump as at spades.

North almost let the hand play there but North kept looking at his four good hearts and finally took the hand back to the suit contract.

At three no-trump South would have eventually got around to leading his jack of clubs. If West covered South would have a sure club trick. If West played low South would let the jack ride and make his club trick that way. Since South had eight top tricks one in clubs would have been all he needed.

Playing at four hearts South needed two club tricks for his

contract. He made a valiant effort to get them but brilliant defense was too much for him.

After winning the spade lead South played out two rounds of trumps. Then he cashed his remaining top spade and dummy's ace of diamonds. A second diamond lead put East in. East took one more diamond and was left with just spades and clubs. A spade lead would give South a ruff and discard and East wasn't going to fall into that trap. He led his deuce of clubs.

South played the jack and right here is where West showed his mettle. Ninety-nine players out of 100 would have covered the jack with the queen but West played the four.

The Detroit expert, Chuck Berger, sat West. He had counted the hand and knew that South still held two clubs and was sure to lose both unless one happened to be the ace. In that case, Chuck might have lost a trick but it would have been an over-trick, not the contract trick.

## ♥♣CARD Sense♦♦

Q—The bidding has been:  
West North East South  
1 ♣ 1 ♠ 1 ♥ 1 ♠  
Pass 3 ♥ 1 ♠ ?

You, South, hold:  
♠ Q 10 8 5 4 ♥ A 10 ♦ 5 3 ♣ 7 6 5 4

What do you do now?  
A—Bid three hearts. If your partner wants to bid a slam this will be fine. More likely it will give him a chance to bid three no-trump.

**TODAY'S QUESTION**  
Your partner jumps to four spades. What do you do now?  
Answer Tomorrow

### BONUS

The Great Lakes shipping interests have long been paying bonus and vacation pay to men who put in full seasons of fairly honest work and deportment.

As in all industries, many seamen partake of spirits. Some even miss duty at times, but others usually take over for the absentees provided it doesn't happen too often. A man is fired only for good cause.

The deck department leaves soon after a ship goes in for winter layup, while the engine department still has up to two weeks of layup work. Some of these end-of-season jobs are hard, dirty work.

The chief engineer tells the men beforehand that he expects sobriety during layup, and not too much hangover from the night before.

Neither a captain or a chief likes to fire a man. In many respects a man is his own master. If we do not know how or when to drink, we should never expect to be trusted with responsibility.

"Never hire a man to do a job he thinks is not important."

Homer L. Trombly  
Str. Buckeye Monitor

## Doctor Claims Cancer Cure

LIMA, Peru (AP) — A young Peruvian physician says he may have cured his half-sister's cancer by giving her cancer-fighting antibodies which he created by injecting himself with her cancerous cells.

Dr. Alfonso Zavaleta Cruzado, 34, said in an interview that the experiment was performed less than a month ago and five years are required before it will be known if his sister, Mrs. Elis Wenzell, has been cured of cancer of the uterus.

But the cancer appears to have disappeared, he added. Zavaleta said his experiment differs in some respects from similar experiments which are being performed in the United States and elsewhere, with encouraging results.

He said he took specimens of his sister's cancer cells and injected them in his own leg. His system formed antibodies to destroy the foreign cells, the doctor explained, and the antibodies were then transferred to his sister.

Zavaleta said the experiment is similar to the body's natural tendency to form antibodies to resist bacteria or reject transplanted organs.

Dr. Oscar Miro Quesada, an associate of Zavaleta and director of the National Institutes of Health, told The Associated Press: "It is too early to know the results of Dr. Zavaleta's technique. But this is a beginning."

## Ann Landers

## Thelma's Late Date Has Mother Upset

Dear Ann Landers: My husband is friendly with a couple of men he works with. Their wives are not the type I would pick for friends on my own. Every Friday evening we have a set date. The six of us go out to dinner and we end up at a little cocktail lounge that has music.

The men drink beer and talk business the whole time. The wives of these two men dance with each other. I sit because I don't like to dance with a woman. I think it looks peculiar. Furthermore, men they never saw before cut in on them on the dance floor and they end up dancing with strangers. They say it's O.K. because their husbands are present. What do you say? — SQUARE PEG

Dear Peg: I say the whole thing smells like a lost barrel of herring. Haven't you people got homes? Why sit in taverns? You need some new friends and I hope you find them soon and break up this gleesome threesome.

Dear Ann Landers: Our daughter is 18. She graduated from high school in June and is taking a secretarial course.

Thelma has been dating a divinity student. He is 20 and shares an apartment with two other divinity students. We all like Jerome because he seems more settled than most of the young men Thelma has dated.

Last night I understood Thelma to say she and Jerome were going to a party. I woke up at 4:00 a.m. with an uneasy feeling. I always feel uneasy when I know Thelma is home, so I checked her bed. It had not been slept in. I was worried sick but decided not to awaken my husband.

At 6:25 a.m. Thelma came tiptoeing into the house, carrying her shoes. I gave her a long, hard look but said nothing. My husband did not wake up and he doesn't know about this.

My question is: Do parents have a right to tell an 18-year-old girl when to be in? She does not pay room and board. We are putting her through secretarial school. She has had no curfew since high school graduation. I am opposed to a girl coming in from a date at that hour of the night. Am I wrong? — L.L.L.

Dear L.L.L.: That "hour of the night" is not night, Lady. It's morning.

No 18-year-old girl should be allowed to stay out until dawn. Your silence was condonation.

Have a talk with Thelma. Tell her she cannot come and go as if she lived in a hotel. Midnight is plenty late for a secretarial school student (to say nothing of a divinity student). And 2:00 a.m. is a reasonable, respectable hour for weekends.

Confidential to Sorry I Said It: Being sorry does not help the situation. Go in person to A and B and apologize. Write to C and D and tell them you were mistaken. And next time, be sure your brain is engaged before you put your mouth in gear.

Ann Landers' new book, "Truth Is Stranger..." tells her own story of 13 years as adviser to millions. \$4.95 at bookstores.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped self-addressed envelope.

## "Quotes"

When someone is spending millions on a film, I don't think it's too much to ask you to take your clothes off. It's not like asking you to change your religion or anything.—Genevieve Waite, South African actress, on nudity in her new film.

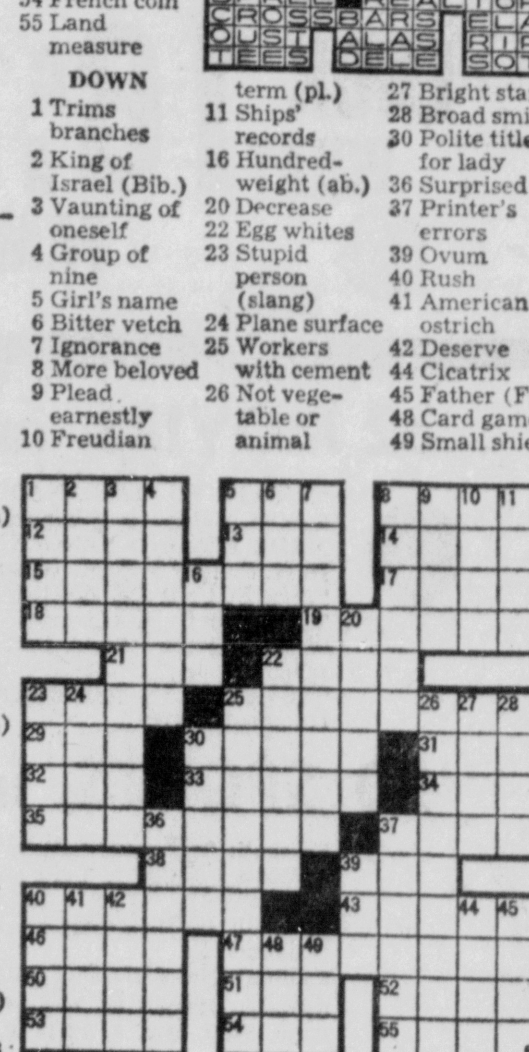

If we have to start over again with another Adam and Eve, then I want them to be Americans and not Russians and I want them to be on this continent and not in Europe.—Sen. Richard Russell, D-Ga., arguing for an antiballistic missile defense against nuclear attack.

It's quite capable of going to hell. It's partly because the country lacks the leadership it needs. It's partly our general morale is low. And it's partly because our democracy at the moment is suffering from a general lack of sense.—Norman Thomas, Socialist party leader, on the state of the nation as he celebrated his 84th birthday.

## Child's Welfare Club To Meet

The Child's Welfare Club will hold their Christmas meeting at Trinity Episcopal Church Monday at 8 p. m.

The program will include a medley of Christmas carols played by Mrs. Helene Merkl, organist; vocal solos by Mrs. James Johnson and a Christmas reading by Mrs. Alcott Erickson.

Members of the club are selling note paper which may be obtained from Mrs. Johnson or Mrs. William McElhatton. The paper will be available Monday evening.

Mrs. Robert Heynssens and Mrs. Ray Norton are co-chairmen of the event and will be assisted by Mrs. Delbert Nelson Jr., Mrs. Robert Snyder, Mrs. Wilbur Montgomery, Mrs. Hilding Norstrom, Mrs. William Swenson, Mrs. Francis Youngs, Mrs. Don Pfothauer, Mrs. Fern Hall, Mrs. Clarence Sherman, Mrs. Elmer Beaudry, Mrs. Seymour Lewis and Miss Carol Hansen.

## Social

The Brampton PTC will hold their annual Christmas potluck supper Monday at 7 p. m. at the Kipling Town Hall. A short program will follow the supper and a gift exchange will be held.

The Study Club will meet at the home of Mrs. B. H. Skelenger, 1312 Wisconsin Ave., Monday afternoon. Mrs. D. A. Jondrow will review, "Moment in the Sun", by Robert P. Rie-now. Members will respond to roll call with a favorite recipe.

## Briefly Told

Gladstone City Police issued traffic citations to Fannie K. Vardian, 328 S. 17th St., Escanaba, for violation of the basic speed law; Eugene George Holmes, 520 Wisconsin Ave., expired drivers license; Arthur A. Johnson, 1525 Dakota Ave., J. Walter Selin, Rock, and Harold J. Artley, Rte. 1, Cornell for failure to stop at a stop sign.

## GLADSTONE Progress Slow On Apartments

Occupancy of Gladstone's new senior citizens housing unit, originally hoped by Thanksgiving, is now not expected until later this month at the earliest.

City Manager H. J. Henriksen said work is proceeding on the 50-apartment building, but progress has been slow because of a shortage of skilled labor.

He pointed out, for example, that before painters can go to work with brushes and rollers all of the wallboard has to be in place. Before wallboard can

## Funeral Services For War Victim Monday Morning

Funeral services for PFC Jimmy J. LaCrosse, who died on Nov. 27 of wounds suffered in the Vietnam War, will be held at St. Joseph's Church, Perkins, at 10 Monday morning. Rev. Conrad Suda will officiate and burial will be in Perkins Cemetery.

Military rites will be accorded by veterans' organizations.

Friends may call at the Skradski Funeral Home after 3 on Sunday afternoon. Parish prayers will be held at the funeral home at 8 p. m.

Bjorklund vs. Caldwell  
Green vs. Sutter  
Gilbert vs. Lindahl

be installed, wiring must be completed, etc.

Carpenters and other workmen are concentrating efforts on one wing of the three-story building to allow some senior citizens to move into the new apartments as soon as possible. Once one wing is completed, workmen then will focus attention on the other wing.

Most of the exterior work on the building is finished, except for paving of driveways and landscape work which will be tackled in the spring.

The interior, however, is another story.

Some of the individual apartments are nearing completion with sinks and stoves already in place. Others are in various stages of progress.

Henrikson said in at least three cases senior citizens already have sold their homes and that the new owners would like to move in, but the senior citizens must first move into the new housing complex.

When completed, however, the apartment building will provide comfortable quarters, although not overly large.

Of the 50 units, 48 will be one-bedroom. Including the bath, each apartment will have three rooms — a combination kitchen-living room and a bedroom. The two main rooms are designed side-by-side with the bath off the bedroom.

Of the two two-bedroom apartments, Henrikson said one will be reserved for the building caretaker and the second will be rented to a family with a minimum of three members.

The project, located on the east side of Gladstone near Wilderness Park, is financed through the federal government.

## Rock

Winners in the buck contest sponsored by the Rock Sportsmen's Club were, Dave Breneman of Temperance, Mich., who had the heaviest buck, weighing 206 pounds; James Spade, Lower Michigan brought in the buck with 16 points, copping the prize for buck with the most points; a 126 pound buck was the lightest legal buck and Tom Hoffman of Toledo, Ohio was the winner in this category.

## "Messengers" To Perform At Lakeside Church

The "Messengers", quartet of Minnesota Bible College will bring special music and assist in the services of the Lakeside Church of Christ this Sunday.

The boys are students of the college located in Minneapolis, Minn., a ministerial training school of the Churches of Christ. They will be accompanied by a young lady who will serve as pianist for the group and Miss Irene Graham, secretary at the college.

The quartet will provide special music at the Bay De Noc Christian Fellowship Singers' quartet which will be held at the Lakeside Church of Christ this Sunday at 9 p. m. They will be in charge of the evening service at 7 and will also take part in the morning Bible School hour at 9:45 and morning worship hour at 10:45.

A fellowship dinner with the quartet as guests will be held following the morning services. Members of the community are invited to share in these services. Other area churches will be co-operating in the Singers' quartet at 9 p. m.

## Vassar Coeds Called Prudes

By The Associated Press  
The editors of Princeton University's student newspaper, in a guide to girls' colleges, says Vassar coeds "run the spectrum from the prude to the promiscuous." Some Vassar girls agree.

Marylee Hardenbergh, a 20-year-old junior, laughed and said, "It's probably accurate. You can find that anywhere. That's a pretty safe description."

Then she added, "It would be Princeton that would come up with that remark. It sounds like a weekend-oriented type mind."

But a description of Wellesley coeds in the book titled "Who the Girls Are" drew a negative response.

It said most Wellesley girls "have tried both grass (marijuana) and sex once. They didn't like either one."

"I don't think that's true," snapped a Wellesley student who asked that her name not be used.

The 112-page book is devoted primarily to giving brief biographies and snapshots of 1,500 coeds at eight women's colleges.

Peter G. Brown, a junior from Erie, Pa., who edited the volume, said, "This little book does no less than spell the demise, the defeat, the absolute abolition of that atrocious anachronism, the blind date."

"Wow!" said Louise Harris, whose picture is in the book. "I never thought they'd pick me in a 100 years." Louise is a Skidmore freshman from Upper Montclair, N.J.

Lisa Vandermade of Montclair, N.J., a Smith freshman who does "quite a bit of blind dating," said she hoped having her picture in the book would help her in that line.

## Danforth

Birthday Party  
Agnes Mattson was honored at a birthday party Wednesday at her home. Games were played with prizes awarded to Mrs. George Larson, Mrs. Andy Anderson and Mrs. Knute Swanson. Mrs. Larson also received the guest award. Lunch was served following the games.

Hospital Auxiliary  
Mrs. Norman Anderson was hostess to the Danforth-Soo Hill unit of the Delta Memorial Hospital Auxiliary at her home on Wednesday. A noon meal was served followed by an exchange of gifts. The next meeting will be held Jan. 8 at the home of Mrs. Arthur Monson.

## Nahma

Mrs. James Krutina entertained the 12 Bells Bunco Club at her home Tuesday. Prizes were awarded to Mrs. Herbert Blowers, Mrs. William French, and Mrs. William Rogers. Special prize was awarded to Mrs. Caleb Johnson. The next hostess will be Mrs. Raymond Ne-deau.

## Extension Club Holiday Tea Is Successful Event

By JANET MARTIN

Despite stormy weather and slippery roads, a capacity crowd was present for the annual Extension Holiday Tea held Thursday afternoon at the Immanuel Lutheran Church beginning at 1:30 p. m. (The tea had been scheduled for an earlier date, but was postponed because of bad weather.)

Various Christmas gift and decoration ideas were on display throughout the Fellowship Hall and members and guests were able to view them prior to the program.

Mitten Tree

Persons attending also contributed mittens for the mitten tree. The mittens will be distributed to area children at Christmas.

Mrs. Harold Stockholm was

## Premature Baby Is Doing Fine

CADILLAC (AP)—A baby boy weighing only one pound and 14 ounces at birth was reported "doing fine" today, with "every minute it lives bettering chances of survival" at Traverse City's Munson Hospital.

The child, three months premature, was rushed to Traverse City by State Police cruiser Tuesday. The child was transported in an incubator with a trained nurse in attendance.

The parents are Mr. and Mrs. Richard Little of Cadillac. The baby arrived at 8:17 a. m. Monday.

Tiny as it was, the baby born to Mrs. Little, 18, was not the smallest infant ever recorded at the hospital. Nurses said they recalled the birth of a one-pound, 10-ounce child, which survived, several years ago at Munson.

The Littles named their boy Todd Allen, hospital officials said.

## Model Is Prize In Dutch Contest

THE HAGUE, Netherlands (AP) — Photo model Jacqueline Lotte Hermans is the prize in the current question and answer contest of Candy, one of the Dutch monthly sex magazines.

A picture of the 22-year-old model, titled, "You can have me on April 25th for the whole weekend," is published above the contest rules.

Lotte said her contract allows her to refuse to go along with the deal if the man is over 75, shows clear evidence of physical or mental abnormality or is drunk.

"They can't trifle with me," she said. "I've got control of myself. My boyfriend knows me well enough that he believes I'm not going to do anything crazy."

## WROTE ABOUT FALLS

Father Louis Hennepin, a French Recollect missionary who accompanied LaSalle's expedition to the area in 1678, was the first white man to write extensively about the "beautiful river Niagara." Hennepin said Niagara Falls "has no equal."

## Nursing Course To Be Offered At Marquette

A 240 hour course designed to update inactive registered nurses is being offered by St. Luke's Hospital School of Nursing, Marquette with clinical practice at St. Luke's Hospital.

The course will include diagnostic and therapeutic measures used in the care of adult medical - surgical patients. Classes will be conducted Monday through Thursday beginning March 24, 1969 for eight weeks.

The course is being conducted by the Michigan Division of Vocational Education in cooperation with the Michigan Nurses Association and the Michigan Employment Security Commission.

For more information contact the local branch of the Michigan Employment Security Commission or St. Luke's Hospital School of Nursing, Marquette. Phone 226-3511, Ext. 28.

## B&PW Club Plans Holiday Party

The Business and Professional Women's Club will hold their Christmas party Tuesday, Dec. 10, at 6:45 p. m. at the Sherman Hotel.

Members are asked to bring gifts for patients at Pinecrest Medical Facility, gift wrapped and marked for man or woman, what article is, and size. Clothing is badly needed. If a person prefers, she may make a cash donation which will be used to buy needed articles of clothing.

Mrs. Carrie Larson is in charge of the Christmas program. Anyone wishing to attend should call Mrs. Larson by Monday noon.

## Chest Clinic Next Thursday

There are still a few appointments available for the chest clinic to be conducted by Dr. James Acocks Dec. 12 at the Delta - Menominee District Health Department office in the Delta County Building.

Anyone with a history of tuberculosis who has any problems may get an appointment by phoning 786-4111. Any other chest problem must have a physician's referral.

Dr. Acocks is superintendent of Morgan Heights Sanatorium and a specialist in diseases of the chest.

## Story Time At Library

Story Time will be held at 10 a. m., Saturday in the Children's Room of Escanaba Public Library. All boys and girls of the age of three and above are invited to attend.

The stories will be: "Donkey - Donkey", "Hazel Was an Only Pet", and "The Little Old Man Who Could Not Read".

# Photo-Art Opens New Building

Eighty tons of stone does not a building make, but coupled with steel, concrete, glass, paint, carpeting, a lot of hard work and planning, Escanaba's newest addition to its downtown business district opened its doors this week at the corner of Ludington St. and 10th St.

The Photo-Art Shop moved into its unique and attractive new building at 1001 Ludington St. as the Christmas shopping season gained momentum.

"We had to move now or wait until after Christmas," said owner Gordon Sullivan.

To accomplish the change, employees and contractors worked throughout last weekend, putting finishing touches on the display area and shifting merchandise from one location to the other.

## Split-Level Design

The building, which features a split-level customer service area, is not like most retail stores in Escanaba. It was designed that way by Roy Ness, who also was the general contractor.

"Roy worked on the idea that a store can be interesting," Sullivan pointed out. "He wanted something more than a building of just counters and goods."

Entering from Ludington St., a customer crosses a small bridge of paving brick spanning a recessed planting area. Once inside, an impressive walk of George Pine Log flag stone leads through a lawn-like carpeting in a spacious mall.

The lower level, where greeting cards, candles, stationary, viewers and photographic equipment is displayed, is set three feet below street level. A circular stairway on an inclined beam winds around a circular planter to the mezzanine level, where more photographic and projecting equipment is found. The upper level also accommodates the firm's offices and conference rooms.

## Music For Customers

The entire customer service area, except for the stone in the plaza area, is carpeted and music is piped through a store-wide speaker system. Air-conditioning provides needed temperature control.

Sullivan, who purchased the

LESS THAN FOUR MONTHS after ground was broken, the Photo-Art Shop of Escanaba has moved into its new home at the corner of 10th and Ludington. The building, featuring a unique tri-level customer service area, also has a distinctive exterior appearance of web stone and glass. It is the newest addition to Escanaba's downtown shopping area. (Daily Press Photo)

Photo-Art business from his father, William F. Sullivan, in 1948, said the rear area of the store is constructed in three levels—a basement, a first floor where the firm's processing equipment and darkrooms will be located, and a second floor or storage.

Presently, Photo-Art will continue to use its former building, 1011 Ludington St., for processing of black and white films, but early next year will move black and white equipment and new color processing equipment to the new location. Sullivan said there will be

three darkrooms, a shipping and receiving room, and a color control room, which he termed "the heart of the system" to be developed.

## Move To Color

In recent years, he explained, photography has changed from primarily black and white to color. The current ratio runs about four color rolls of film processed to every black and white roll handled.

"It depends on the time of the year, but we average about 100 rolls of black and white film to 400 rolls of color film per day," said Sullivan's wife,

Mary, who also was involved in the decisions leading toward the final design of the building.

With the new equipment in the new building, Photo-Art will be able to process much of the color work itself, instead of shipping it into Wisconsin for developing and printing.

"Eventually," Sullivan said, "we'll be able to provide the same one-day service on color rolls as we now do on black and white film."

## Serve Large Area

Although located in Escanaba, Photo-Art actually is an Upper Peninsula and Northern

Wisconsin business, Sullivan explained, with some 200 pickup stations for film scattered in almost every community in the area.

He also pointed out that Photo-Art serves as the Upper Peninsula's only photographic supplier for professional photographers, schools and industries.

"We serve both the amateur and professional photographer," Sullivan said.

Ground was broken for the new building on Aug. 15, just 3½ months ago, and occupancy took place nearly 50 years to the date from the time the first photo-camera shop was opened at 1011 Ludington St. by Margaret Archie of Marquette. William G. Sullivan purchased the business in the early 1920s and operated it until his son, W. Gordon Sullivan, purchased the business in 1948.

## Metal Building

Basically, the new Photo-Art building is a Varco-Pruden metal building, according to Ness.

"The most important requirements laid down by the Sullivans in their hunt for a suitable plan and building was that it had to be capable of attracting attention, of displaying a maximum amount of merchandise and of attracting customers," he continued.

The tri-level display area, coupled with 1,800 square feet of glass, combine to give merchandise maximum exposure, both from within the store and from outside where new sidewalks and curbs were installed under an overhanging canopy.

The wall stone, 80 tons of Lannon wall from the Halquist Quarries of Wisconsin is blended attractively with moss black stone from Georgia.

White crushed rock from California, mica stone from Pennsylvania, coral rock from Montana and drift wood stone from deserts of Wyoming also are used tastefully to enhance the atmosphere and appearance of the mall and entrance and also around the staircase and bridge.

## Local Product

The building is almost completely a product of local talents, trades and contractors as follows:

Roy Ness, contracting and sales, general contractor, design and stone; Varco-Pruden, Evansville, Wis., engineering; Gehring Heating Service, air conditioning and heating; R. G. Beck & Co., plumbing; Kobas Electric, electrical contract; Arthur DeCamp, painting and decorating; Heynens' Carpet & Furniture, carpeting; Ness Glass Co., glass and store front; Bark River Concrete Products, concrete blocks; Arthur DeGrand, excavating and crane work; Orvil Hahn, excavating.

"These areas may one day be of great value for biological experimentation that requires a germ-free environment," Benninghoff says.

He adds that Antarctic environment may be similar to that of the moon and that it is possible that the organisms and biological systems on the moon are similar to those found in the frozen wastes of Antarctica.

# Brando Remark Stops Flight

LOS ANGELES (AP)—A man wearing a beard and pigtail boarded National Airlines flight 64 for Miami, Fla., and, says stewardess Barbara Self, asked, "Is this flight to Cuba?"

Miss Self, who admitted "I was scared," notified a station agent, who told the pilot, Capt. Gerald White.

The man was escorted off the plane Wednesday. When he reached a gate, another agent exclaimed, "My God, it's Marlon Brando!"

Since the 44-year-old actor had a ticket, he was asked to climb back aboard the plane but refused, an airline spokesman said Thursday.

Brando's attorney, Norman Garey, said the Cuba-flight statement "was nothing but an off-handed remark to a stewardess—that's all."

"That was a perfectly silly thing for Brando or anyone to say," the airline spokesman said, "especially when our airline has been hit harder by hijacks than any other one."

Brando was bound for a movie set in Colombia and wearing "a beard the script calls for and completely normal clothing," his lawyer said.

An airline spokesman said, "He was dressed sloppily, like a hippie," and wore a full beard and pigtail.

The incident came less than a day after a National Airlines plane from New York was hijacked and flown to Cuba with 35 persons aboard.

# Doctors Have Hard Time In Fight On Flu

(Continued From Page One)

new vaccine is needed.

A new vaccine has been developed, using fertile chicken eggs to grow the virus strain used in inoculation. But nobody knows yet how effective it will be.

Dr. Walter R. Dowdle, chief of the center's respiratory virus infections unit, reported on tests now under way to find out.

A test group in Orange County, Calif., was inoculated about three weeks ago, he said, and a lab team from the center is in the county now "specifically to draw blood specimens to be sent to the lab." The specimens will show how effective the vaccine is in eliciting antibodies.

In addition, lab teams have inoculated inmates at the U.S. penitentiary in Atlanta and at Georgia's state prison at Reidsville. Dowdle said nose washes taken from the inmates at the time of vaccination and three weeks later will help tell scientists what to expect from the vaccine.

"The Hong Kong virus grows very well," Dowdle said, "much better than the original Asian flu."

# Antarctica Posted, 'No Trespassing'

ANN ARBOR (AP)—If you plan to vacation in Antarctica don't be surprised to see "No Trespassing" signs in desolate areas.

Even though it is a frozen wilderness, selected areas of the coldest continent on earth must be preserved from contamination, says University of Michigan ecologist William S. Benninghoff.

Benninghoff, a professor of botany at U-M, recently returned from a month's visit to Antarctica. He is chairman of the panel on biological and medical sciences for the committee on polar research in the National Academy of Sciences.

He says one object of his visit was "to evaluate prospects for establishing selected sites as uncontaminated areas not to be entered by people or crossed by low flying aircraft."

Some areas of the ice cap are still devoid of life except for widely scattered microbes in resting phases.

"These areas may one day be of great value for biological experimentation that requires a germ-free environment," Benninghoff says.

He adds that Antarctic environment may be similar to that of the moon and that it is possible that the organisms and biological systems on the moon are similar to those found in the frozen wastes of Antarctica.

# Girl's Disappearance Remains A Mystery

BATTLE CREEK (AP)—The disappearance five days ago of a 14-year-old Battle Creek girl still is a mystery, despite the arrest Thursday of a 24-year-old Ypsilanti man police accuse of attempting to extort a ransom for her return.

Held in a police trap, following telephone calls to the parents of missing Nancy Marie Fleece demanding money.

The girl failed to return home from a shopping trip last Sunday, disappearing somewhere between the home of a friend and her own.

Dodge is held without charge, but State Police of the Ypsilanti Post said a warrant charging attempted extortion would be sought from the Washtenaw County prosecutor's office.

Police say they don't know whether Dodge had anything to do with the disappearance.

## \$10,000 Ransom

Telephone calls to the Fleece home, beginning Tuesday and occurring again Thursday, led to Dodge's arrest.

Police said the caller asked for \$10,000 ransom, and when

told the Fleece didn't have the much, agreed to take \$600 as a down payment. The payoff was to take place Thursday at a Ypsilanti motel.

Following instructions, Nancy's father left a money package in his car in the motel parking lot. State and Battle Creek police closed in when, they said, Dodge reached into the car to pick up the package.

"I honestly don't know whether Nancy was abducted," said Police Chief Clifford Barney of Battle Creek. "Runaway girls have become a routine thing. But in this case, we don't think that is it."

## Excellent Student

Nancy's parents, Mr. and Mrs. Anthony Fleece, and her friends, say she was an excellent student, well adjusted and liked, and had no particular interest in boys or dating.

Nancy went to a store Sunday with a friend, Debra Lamont, also 14, to do some Christmas shopping. The two parted at Debra's house at about 5 p.m., with Nancy last seen rounding a nearby corner.

A man told police he saw a girl walking Sunday along the path Nancy might have taken, and said she was accosted by a man in a light blue Corvair. He said the motorist stopped at a corner, blocking her way, and the girl walked around the car as if to continue on.

If it was a kidnapping, Barney said money hardly could be a factor. Nancy's father is employed in a pest exterminating company. The family is not wealthy.

With the help of friends, Fleece has posted a \$500 reward for information leading to his daughter's return.

Dodge, employed at an Ann Arbor printing shop, has agreed to submit to a lie detector test on whether he had a part in Nancy's disappearance, police said.

# Draft Calls To Increase For Replacements

(Continued From Page One)

advanced individual training companies at Ft. Dix, N.J., would be eliminated.

Since then, sources said, it was decided to set a target and get prepared for release of the 20,000 guardsmen and reservists ordered to active duty last spring to supply support troops for Vietnam and to plug some holes in the Army's forces in the United States.

The January draft call has been set at 26,800. It was not known immediately whether that quota will be raised or whether the increase will show up in later months.

## Pueblo Crisis

A total of 38,000 Army, Air Force and Navy reservists and guardsmen were mustered in the wake of the enemy's winter offensive in Vietnam and a flareup of tensions in Korea stemming from the seizure of the U.S. spy ship Pueblo.

The Air Force already has started freeing 16,127 reservists and guardsmen. All of them, including members of six guard fighter-bomber squadrons now in South Vietnam and South Korea, are due back in civilian life by June 30.

Mobilized pilots and navigators will be replaced from the Air Force's regular training output and what it calls its "personal management."

The Navy also has replaced some of the 1,600 reservists it ordered up earlier this year.

# Emphasize Good

BENTON HARBOR (AP)—Like this: "80 per cent chance of sunshine!" Not this: "20 per cent chance of precipitation."

And that's the basis of a recent letter from the West Michigan Tourist Association to the Environmental Sciences Services Administration (weather bureau).

"We are just suggesting a happier approach to getting the job done," said Wesley Tebeau, secretary-manager of the tourism group. He said that the current phraseology tends to discourage would-be weekend tourists adding that many persons who plan to enjoy an outing will cancel their plans at the mention of rain.

# Tribune Claims Clark's Office Rewrote Report

(Continued From Page One)

questioned its being released while the jury is hearing evidence.

After failing to get Walker named special prosecutor, his backers, including Clark, then persuaded Dr. Milton Eisenhower, head of the national commission, to put Walker in charge of the special task force to conduct an investigation of the convention disorders.

When he delivered his report to Washington, the Tribune said, Walker also gave a copy of it to Life magazine which obtained it before any members of the commission had seen it.

## Paperback Out

The story also questioned whether the report is an official U.S. document. If not, the document would not be privileged information and publishing firms spending large sums to get it out might be subject to libel and injunction suits.

"Since Walker did this for the commission under contract, the question as to whether his report is a privileged document is fuzzy," the Tribune quoted Joseph Laitin, information director for the commission in Washington. "I can't answer that question and I don't think anybody else can."

Meanwhile, first copies of a paperback edition of the report went on sale in Chicago Thursday and by midday the distributors concluded, "We've got a hit on our hands."

"Some outlets were reporting the sale of 30 to 40 per cent of their stock within one or two hours after they received delivery," said Gus Raggo, sales manager of the book division of Charles Levy Circulating Co.

The 496-page volume, titled "Rights in Conflict," is being published by Bantam Books and sold at \$1 a copy.

# Jackson's City Hall Bombed

JACKSON (AP)—Two policemen were injured Thursday night in a bomb explosion in Jackson's City Hall.

One was hospitalized, the other treated and released. Names of the two were withheld temporarily by police, who refused to give a reason.

Authorities said the two policemen were on a routine midnight check of City Hall when they spotted what appeared to be a brown paper bag on a stairway between the basement and first floor.

# Allied Bases Shelled; Heaviest Since Halt

SAIGON (AP)—Viet Cong and North Vietnamese gunners shelled 37 allied bases and South Vietnamese towns Thursday night and early Friday in the heaviest rash of such attacks since the halt in the bombing of North Vietnam Nov. 1, military spokesmen reported today.

The spokesmen said from 300 to 400 mortar and rocket rounds were fired. A total of 27 South Vietnamese were reported killed and 104 wounded in the shelling and in three terrorist attacks.

The majority of the rocket and mortar attacks came in an arc northwest to north of Saigon. Enemy troops in that area also rampaged through a hamlet, killing 11 persons, wounding another 22 and burning 25 houses despite the presence of thousands of American and South Vietnamese troops in nearby areas.

## Defend Hamlet

It took South Vietnamese reinforcements two hours to move less than two miles to the aid of the lightly defended hamlet, which is 60 miles north of Saigon and just outside the heavily defended provincial capital of An Loc.

By the time the reinforcements arrived, the attackers had pulled out and their casualties, if any, were not known. A government spokesman in Saigon said he did not know the reason for the delay in reinforcements.

## Market Firms, Trend Higher

NEW YORK (AP)—After an indecisive start, the stock market firmed and edged higher on balance early today.

There was a virtual standoff in earliest dealings, then gains ran ahead of losses by about 90 issues on the New York Stock Exchange. Both the Dow Jones industrial average and the New York Stock Exchange index rose a bit.

Trading slumped far below Thursday's heavy pace, the first hour being about 2.45 million shares below the big 6.54 million in Thursday's first hour.

Curtiss-Wright gained 2½ and American Smelting more than a point as prices began improving.

At the northern end of South Vietnam, U.S. Marine bombers and the battleship New Jersey made coordinated attacks Thursday on North Vietnamese gun positions and bunkers inside the demilitarized zone for the second time this week.

U.S. headquarters said the 1,900-pound shells from the New Jersey's 16-inch guns and the bombs from the jets smashed five 50-caliber machine gun emplacements, 15 bunkers and 65 yards of trenches.

Two American pilots flying light reconnaissance planes over the southern half of the DMZ had spotted the emplacement about three miles northeast of the U.S. combat base at Con Thien.

"There were no reports of guns in the emplacements," a U.S. spokesman said. "The emplacements were attacked to make sure that guns weren't moved in."

## Germfask

Holiday Club

The East End Craft Club met Monday afternoon at the home of Mrs. Redverse Thibadeau and final plans were discussed for the Christmas Tea to be held at 1 p.m. Saturday at the Germfask Township Hall. Christmas cookies and tea or coffee will be served.

Mr. and Mrs. Robert Schaffer and family returned to their home at Jackson after spending a few days at the home of her parents, Mr. and Mrs. Harold Peters. Mr. Schaffer got a deer while hunting here.

Mrs. Lillian Caffey, Mrs. Elizabeth Anderson, Mrs. Delphine Thibadeau and Mrs. Jennie Young attended the Christmas Tea and Sale at the First Baptist Church, Manistique.

## Curtis

Sharon Smith is a patient at Schoolcraft Memorial Hospital at Manistique.

Jake Lavery and Everett Lavery have been released from the hospital.

Miss Shirley Hartwick of Mt. Pleasant is visiting at the home of her parents, Mr. and Mrs. Jack Hartwick and family.

Mr. and Mrs. William Moore and family have moved to Newberry.

Stork Shower

Mrs. Gerald Loehr was guest of honor at a pink and blue shower held at the Curtis School last week.

Mrs. Ellen Carlson and Mrs. Evelyn Gimmel spent Thanksgiving Day at the home of her grandchildren, Mr. and Mrs. Sam Brown, Jr.

Mr. and Mrs. Thomas Walker have closed their restaurant and left for Kalamazoo and will later go on to Florida.

## Pope's Message

VATICAN CITY (AP)—Pope Paul VI will broadcast his Christmas message to the world this year at 2 p.m. EST Friday, Dec. 20,

IMPOSING APPEARANCE is created by high columns, so long a feature of Southern Colonial mansions but utilized here on a house of modest proportions. Softer touches in-

clude hand-split shingles, small-paned windows and cupola on the two-car garage.

## Portico A Majestic Touch

Dignity of design is combined with an atmosphere of traditional Southern hospitality in this two-story, four-bedroom house.

A square-columned, gabled entrance portico is the outstanding feature of the exterior. The columned front portico, stretching high up to the roof line, was borrowed by American colonists from the Georgian style so popular during the era of the English Kings of the House of Hanover and which, in turn, was based on Renaissance architecture.

In this case, the columns serve to give an illusion of bigness to what is essentially a small house, with dimensions of 47' by 27' 10" excluding the two-car garage. Identical windows on both sides of the portico produce the symmetrical effect intended by architect William B. Chirgottis.

The impression of size is further enhanced on moving through the double entry doors. A large foyer is flanked by the living room on the right, the dining room on the left. Since these three areas stretch from one side of the house to the other, there is a vista of 47'. The living room and the dining room have interesting boxed-bay windows, yet still have large amounts of wall space for imaginative decorating. The spacious foyer makes a fine reception area and enables traffic to move to any room in the house — first or second floor — without passing through any other room.

Housewives will like the generous-sized kitchen, with plenty of space for appliances,

a closet that can be utilized as a pantry if desired, and with a separate dinette area. The latter has a boxed-bay window to give natural light as well as afford a clear view of the rear garden. There is another window over the sink.

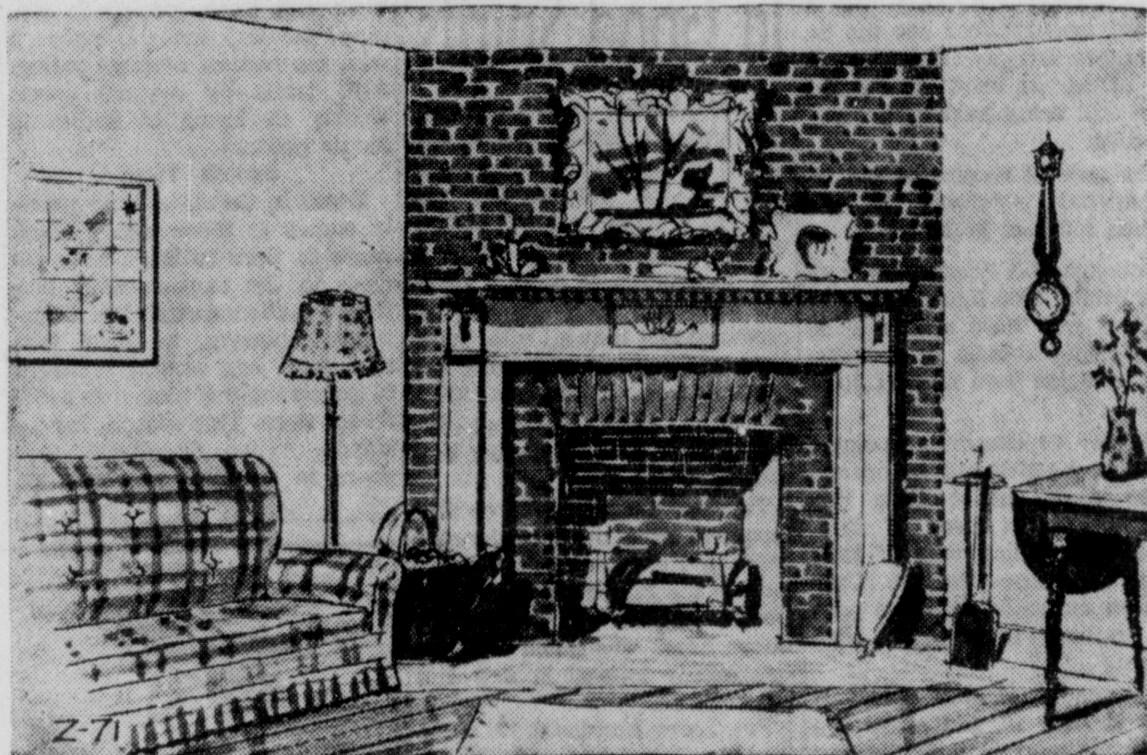

On one side of the kitchen, with a conveniently-placed lavatory between them, is a family room. Wood veneer, paneled walls and a corner brick fireplace highlight the family room, which also has sliding glass doors leading to the rear lounge and garden areas.

On the other side of the kitchen is a laundry room with two "mud" closets and access to the backyard as well as to the two-car garage, which is large enough to accommodate two cars, garden tools, toys, lawn chairs and the like. Where space does not permit side entry into the garage, as shown in the plans, the doors can be located at the front or rear.

An open stairwell and a foyer-like hall eliminate any feeling of congestion on the second floor. Three of the four bedrooms are close to the main family bathroom. The master bedroom, 18' in length, has a dressing alcove with three closets, a full-wall mirrored vanity and a private bath.

The basic plan is rectangular or cost saving, with a habitable area of 1316 square feet on each floor. Add this amount of livable space to the majestic exterior and you have a house that is both practical and attractive.

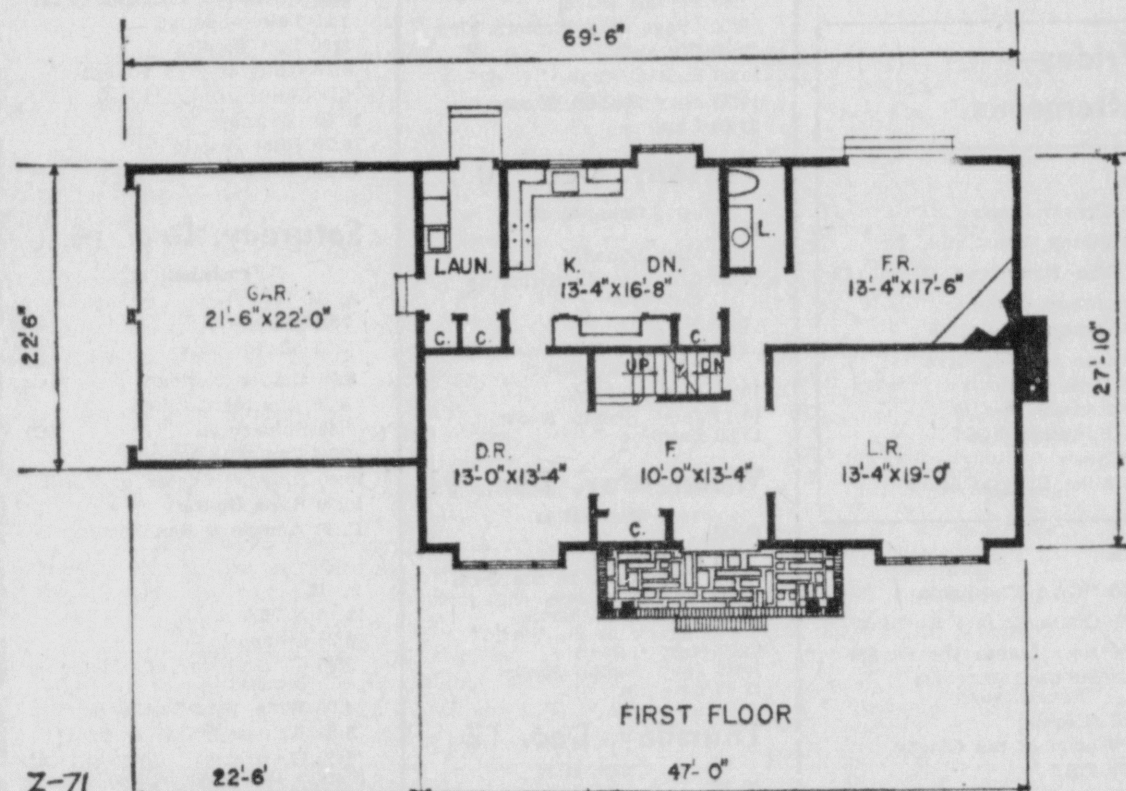

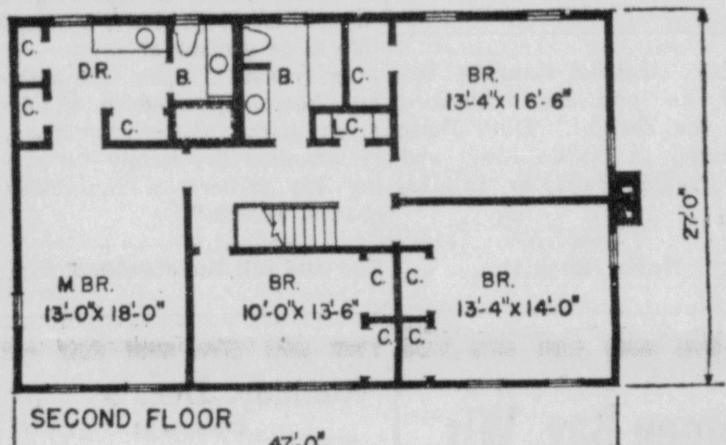

More people get more news from newspapers than all other sources combined.

CORNER BRICK FIREPLACE highlights family room at rear of house. Not shown are the sliding glass doors leading to relaxation area and providing extension of informal living.

### Z-71 STATISTICS

Design Z-71 has a livingroom, dining room, kitchen and dinette, family room, foyer, laundry room and lavatory on the first floor, with a livable area of 1316 square feet. There is the same amount of space on the second floor, divided into four bedrooms, two baths, a hall and plenty of closets. The over-all dimensions of 69' 6" by 27' 10" include the two-car garage. The house itself is 47' by 27' 10".

FLOOR PLANS: Interior design caters to those who prefer dining room to be apart from the living room and yet accessible to the kitchen. While foyer acts as separator, the in-line placement provides a long, open view.

### Lumber Yard Fire

GRAND BLANC (AP) — Fire Thursday caused an estimated \$40,000 to \$50,000 damage to a warehouse section of the Wickes Lumber and Building Supply Co. near Grand Blanc. Firemen from five Genesee County departments battled the flames. Cause of the blaze was not immediately determined. Nobody was injured.

## Lawmakers Fight For Tax Break

HONOLULU (AP) — A group of Michigan legislative leaders this week will urge the Internal Revenue Service to give the nation's lawmakers a tax break by exempting their expense

checks from the federal income tax.

The legislature tax proposal is contained in one of the 14 resolutions which the Michigan delegation will submit at the National Conference of State Legislative Leaders, meeting here this week.

The Michigan resolution says its refusal to acknowledge legislators' living expenses as tax exempt has "contributed to the economic hardships inherent in the position of state legislators."

Michigan lawmakers also will ask their colleagues to join in a call for federal revenue sharing with the states, under which the U.S. government would return to the states, without strings, a portion of federal tax collections.

Other Michigan resolutions attack "cumbersome" regulations and criteria imposed by the federal government on programs administered by the states and call on Congress to end unnecessary regulation of business.

The Michigan delegation called on other states to do away with "archaic and antiquated laws" restricting youth employment and urged Congress to develop a tax-incentive program to benefit businesses which conduct job training programs.

### End Underground Workers Strike

DETROIT (AP) — A tentative settlement has been reached in the bitter 10-week-old strike against underground contractors in Detroit.

Agreement was hammered out between bargainers of the Associated Underground Contractors (AUC) and Operating Engineers Local 324, in marathon talks that lasted until early Thursday.

Oct. 1 some 2,500 members of Local 324 walked off their jobs in a wage dispute. The union's original demand was \$1.90 per hour, while the AUC offered \$1.46. Both sides came close to agreement several times but disagreement over the contract expiration date hampered settlement.

Details of the settlement will be withheld until both sides meet this weekend to ratify the new pact.

The strike tied up more than a half billion dollars in construction projects across Michigan, officials said.

### Do-It-Yourself

## Winter Precautions Prevent Disasters

By MR. FIX

Winter wonderland is something to sing about or contemplate on Christmas cards. Living in one requires some common sense preparations to avoid undue hardships.

Snow-clearing equipment should be readily available. The house should be weather-stripped. Fuel supply—if depending on oil or coal—should be up to capacity.

Be prepared for emergencies. A broken window can be temporarily sealed with a sheet of plastic until repairs can be made. Tack up a plastic drop cloth of the type sold in paint stores.

A power failure is more likely to occur in winter than in summer, what with heavy ice and snow and broken tree limbs to interfere with power lines.

Every house should have a supply of flashlights with fresh batteries. Even if you never use them, change dry cells once a year, at least—they go stale.

Large electric lanterns will provide room light. So will propane lanterns. Candles are all right if used in proper holders and kept stationary. Kerosene lanterns should be used with caution.

Any lantern using a flame of any kind should be used

Be prepared for emergencies!!

carefully and kept away from flammable materials.

Food spoilage is another problem in cases of power failure. Open the refrigerator as little as possible. Food will remain cold for a long time. Take out items you will need frequently and place between door and storm door.

Food freezers should be kept tightly closed. Food will keep for a day or more if the freezer is not opened. If you have the room, keep a block of ice in the freezer. It will remain frozen so long as the freezer is working, will help preserve the food for a longer period in case of power failure.

If you have an electric stove, some kind of camping stove will serve in an emergency.

To preserve heat, close off rooms and gather the family in one room, if possible. If you have a fireplace, that's the room to choose.

If wires are down near your home, keep away from them. Wait for the professionals to come out and move them. If in a traveled area, blockade them or erect warning signs in some way.

Disconnect motor-driven appliances. If the power goes back on at less-than-needed voltage, motors starting up with less than the needed power may be damaged. (Newspaper Enterprise Assn.)

## Santa and the Hippies

By LUCRECE BEALE

Synopsis: Edgar sends Ding Dong to Santa Land where Mrs. Claus prepares to feed him all the things she thinks a hippie would like to eat.

### CHAPTER 6 DING DONG TRICKS SANTA

DING DONG tried to eat the pizzas and chocolate pies that Mrs. Claus laid out for him on the kitchen table. The more he tried the greener he got.

"Oh, my!" clucked Mrs. Claus. "You don't look well at all!"

She dumped a teaspoonful of green medicine into a glass of water. "Drink that quick!" she ordered. Before Ding Dong knew what he was about he'd swallowed the dose.

Immediately he felt better.

"Hippies need to be taken care of same as anyone else

though they may not think so themselves," grumbled Mrs. Claus.

Ding Dong saw to his horror that she was fetching a large washbasin from under the kitchen sink.

"Oh, no!" he thought. "Not a bath!" What would his friends in Hippieville say to that? He leaped to his feet and charged out the kitchen door before Mrs. Claus could turn from the sink.

He ran down to the fields where Santa's reindeer were being fed by a crew of elves.

The deer were friendly and full of life.

"Can they really fly?" asked Ding Dong.

"Try one and see," said an elf.

He boosted Ding Dong onto a reindeer's back. The deer sprang off the ground and

soared into the sky.

Ding Dong felt as though he were riding the wind. He had never felt so free and happy. When the ride was over he took the reindeer back to the barn. He rubbed him down with towels and covered him with blankets so he wouldn't catch cold and not be able to ride on Christmas Eve.

Then he remembered that no reindeer would fly on Christmas because Santa would be a prisoner in Hippieville and he himself would be the one to capture Santa.

He felt badly about the whole thing. But what could he do now? The hippies were counting on him.

He wandered over to the toy shops where the elves were feverishly working on the toys children had asked for Christmas.

"Can't stop a minute," apologized an elf. "If we do, some child's order won't be filled."

Ding Dong felt worse than ever. Was it wrong to take Christmas away from everyone just because the hippies wanted to do as they pleased? Ding Dong decided he wouldn't capture Santa after all.

Just then Santa came into the shop. "I've finished my letters. Now what can I do for you?"

"Nothing," muttered Ding Dong.

"What! You came all this way to ask for nothing?" "I've changed my mind," said Ding Dong, shamefaced.

"That's too bad," said Santa. "I'd like to help you if I could."

Ding Dong thought, "If the hippies could see that Santa isn't really a 'square' they'd feel differently about things."

So Ding Dong made up a big story. He told Santa that one of the boys in Hippieville had fallen into a well and could not get out.

"We thought you could come and save him," said Ding Dong, not daring to look Santa in the eye.

"Of course I'll come!" exclaimed Santa. "I shouldn't take the time because there's so much work to be done. But a boy in trouble comes first. We'll go at once."

He hurried Ding Dong off to

"I can't stop a minute," apologized an elf.

## Seaway To Show Tonnage Record

MASSENA, N.Y. (AP) — A record tonnage year for the St. Lawrence Seaway may be in the offing. At least that's the hope still being held by Seaway officials.

The current record for the international waterway is 49.2 million tons set in 1966.

Although the Seaway is running behind 1966 figures to date, officials say there are still 90 ocean-going vessels in the system, a larger than normal number.

Seaway spokesmen pointed out that the 1966 season opened seven days earlier than this year and as of Dec. 4, 1966, some 48.7 million tons of total cargo had passed through. They said on the same date this year 48.1 million tons had been passed.

The official closing date this year is Dec. 10, but plans are to remain open on a day to day basis as late as Dec. 15 if possible. Spokesmen said the water temperature is good, and they hope for the later closing.

a tiny airplane standing behind the shop. Santa climbed into the cockpit. Ding Dong squeezed in beside him and they zoomed off to Hippieville.

## Heart Recipient In Good Spirits

ANN ARBOR (AP) — Donald L. Kaminski, Michigan's second heart transplant recipient, was reported "in good spirits and anxious to have visitors" at University Hospital Thursday.

A spokesman reported Kaminski continued to make a good recovery and that all vital functions are normal, following the transplant made last Monday.

Doctors have indicated his family may be able to visit him next Monday.

Three of his four children met reporters at a news conference today and expressed their gratitude to the family of 22-year-old Robert J. Pushman of Fenton, whose heart was given after he was fatally injured in a traffic accident.

Pvt. Larry Kaminski, 19, home on Army leave from Ft. Knox, Ky., told reporters: "I would like to donate my heart if anything should happen to me. If someone is nice enough to give my father their heart, I would like to do the same."

Larry said deepest sympathy had been expressed in a telegram to the Pushman family. He thanked the family for giving his father "a marvelous chance to live."

## Easier To Spot Poor TV Shows

By CYNTHIA LOWRY

NEW YORK (AP) — It is becoming easy to spot programs in such poor health that they probably will not survive.

Poor health in television terms is any network program that routinely fails to attract at least one-third of the TV audience.

A scanning of the Nielsen rating reports indicates that it will take a miracle cure to boost such shows as "The Guns of Will Sonnet," "The New Adventures of Huckleberry Finn" and "The Avengers."

Other programs that are not in good shape now include "The Outcasts," "The Jerry Lewis Show," "Star Trek," "N.Y.P.D." and "The Big Valley."

"Hawaii Five-O," "Blondie," "Judd for the Defense," "That's Life" and "The Jonathan Winters Show" and "Hollywood Palace" also look frail.

While NBC and CBS see-saw back and forth weekly in topping the list for the network with the highest average rating, ABC trails by several points weekly in terms of audiences for its product.

Death in the springtime usually comes to those series which come in third in their time periods in the three-network battle for audience attention. Sometimes, however, a show that was weak one season manages to get stronger if moved to a different time. This season, for instance, "High Chaparral" appears to be doing nicely in an

early Friday night position while last season it was dying in a late Sunday spot.

"The Good Guys," the new Bob Denver situation comedy, started out dimly but now seems to have picked up steam. In the last Nielsen, it climbed into the top third. "The Doris Day Show," which bobbed around alarmingly early in the season, now seems to have established its niche—25th in a list of 86 shows in the last report—and so is assured of a safe return.

Andy Williams Signs

With increasing production costs—half hour shows now cost between \$75,000 and \$90,000 per program, and hour shows twice that—it is necessary for the average series to have three seasons of network exposure before its producers can be assured of much profit.

ABC has not made the formal announcement but "The Dick Cavett Show" will wind up its brave, short-lived morning run at the end of January. It is a victim of small audiences and, as a result, little sponsor support and the network has been losing money with the show.

NBC has signed Andy Williams to a contract, and he will return next season in a weekly variety hour.

BEAR TEETH

Bears are one of the few species in the wild animal kingdom which suffer from cavities in their teeth because of their addiction to sweets.

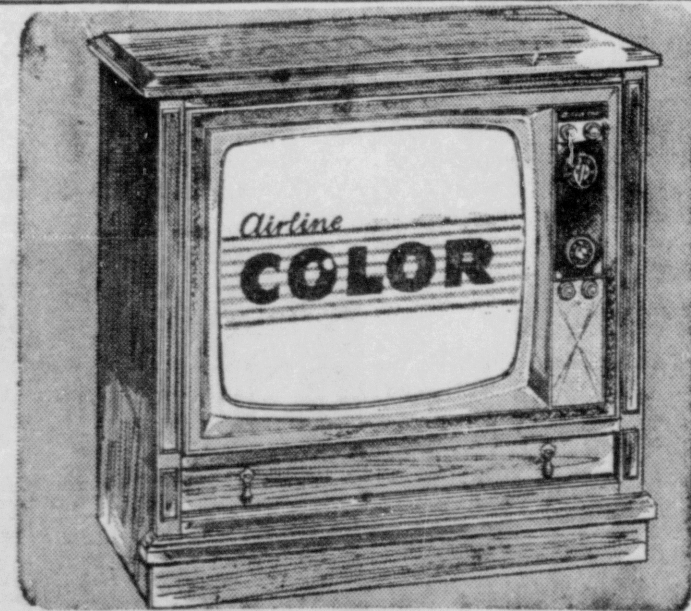

## This Weatherman Predicted Right

YPSILANTI (AP) — Some people think weather men are never right. But one weather expert stands vindicated of a prediction he made nearly two months ago.

James W. Gallagher, a weather expert at Eastern Michigan University, predicted in a Detroit News article Oct. 9 that motorists would have trouble on or about Dec. 6 because of snow. He qualified his prediction by saying "give or take a day or two."

Thursday, Dec. 5, it snowed in Metropolitan Detroit. The snow measured almost an inch and slowed rush hour traffic, forcing extra salt crews out. Gale force winds accompanied the snow early Thursday and reduced visibility to less than 100 feet on the Ford and Lodge freeways.

"You've got to have faith in your own predictions," Gallagher said.

## Strikes-n-Spares

By MIKE UTT

Two bowlers have recorded 700 series in competition this year already, but as yet no one has been able to produce a perfect 300 game. Three bowlers flirted with the magic mark this past week but all fell short in the end.

X X X

George Peterson, bowling in the Elk's Saturday night mixed couples league had a string of nine strikes going before blowing the tenth frame and finishing the game with a 266 score. Sixty-eight year old Ed Weber had a perfect game going for eight frames before missing to finish with a 260 game in the Bowl-A-Rama Friday night Mixed Couples league. Margaret Seidl had seven straight strikes in her 243 game Tuesday night at the Bowl-A-Rama.

X X X

A big oversight in last week's column was the 3025 series rolled by Sandberg's Bar team in the Bowl-A-Rama Classic League on November 26. The team had games of 1030, 1016 and 979 in posting the second highest series ever recorded at the Bowl-A-Rama Lanes. Two years ago the Arcadians rolled a 3028 series.

X X X

In Tuesday's Classic League competition, Sandberg's Bar needed three strikes in the tenth frame by Ed Gravelle to top the Miracle Market team. Gravelle struck out and Sandberg's won the game 1043 to 1042. Skradski's also rolled a 999 game in the same league. Gravelle posted the high game of the night with a 234 and teammate Mel Bertrand had the high series, 634. Sandberg's finished the night with a 2951 three game total.

X X X

Some of the big split pickups turned in this week included Mickey Olsen's conversion of the 4-7-9-10; Dave Mason's 6-7-10; Carole Little's 6-7-10 and Louise Orzel's 2-7-10.

X X X

High games and series: Bob Mathias, 255; Richard Geiss, 610; Pat Johnston, 224-535; Hal Weeter, 234; Dick Knoll, 223; Shirley Peltier, 523; Lois Cox, 522; Honey Williams, 515; Margaret Seidl, 576; and Doris Costley, 225.

Split-Pickers: Fran Monahan, Carol Terres, Kay Boydston, Betta Owen, Isabel Dambrosia, Alice Bauer, Bev Ahola, Doris Costley, Marcy Smith, Shirley Shomin, Mary Secrest, Eleanor Pultz, Helen Johnson, Alice Jones, Lois Pinar, Jean Villeneuve, Kathy Jensen, Jean Butryn, Don Kolish, C. Perryman and Monie Richer.

## Canadiens Tie Boston; Move Into First Place

BOSTON (AP) — Young Tony Esposito made his National Hockey League starting debut as a rookie goaltender for the Montreal Canadiens Thursday night, but his older brother Phil wasn't a very cordial host.

Tony had a perfect night against the rest of the Bruins, but Phil slammed a pair of goals past him to earn a 2-2 tie. The deadlock was enough, however, to lift the Canadiens into a first place tie in the East Division with New York, which bowed 4-2 to Detroit in the night's only other game.

Tony stopped Phil on a couple of other occasions as both brothers gave ample evidence they

were out there to win—not to worry about who was on the other side.

"Phil didn't have any qualms about scoring on his brother—I'll tell you that," Boston Coach Harry Sinden said.

Tony, the former Michigan Tech star who got called up from the minors last week to help fill Montreal's currently depleted goaltending corps, said he wasn't too nervous in his first start although, "It's a lot different up here; you have to be alert all the time or they'll kill you."

Tony didn't have much of a chance on Phil's first goal, which opened the scoring at 7:55 of the first period. The rookie netminder had just stopped a Ted Green slap shot when his brother got the rebound and poked it in.

Goals by Bob Rousseau and Yvan Cournoyer carried Montreal to a 2-1 lead, but then midway in the final period Phil cut loose from about 45 feet and the puck sailed over the partially screened Tony's shoulder to tie the game.

Except for those two plays, Tony rose to every occasion, collecting 33 saves in a strong initial effort. His only previous NHL experience had been a 26-minute stint at Oakland last week in which he allowed two goals.

Defenseman Kent Douglas was the hero of Detroit's victory over New York, scoring one goal and setting up two others. The Red Wings' defenseman opened the scoring at 5:32 of the first period, but the Rangers tied it on Jim Neilson's goal in the same period.

Rookie Ed Hatoum put Detroit in front 2-1 late in the period, and Douglas got assists on second-period goals by Pete Stenkowski and Frank Mahovlich to open up the margin.

## Norsemen Tip Bucaneers For First Cage Victory

STEPHENSON — After compiling an 0-2 record in their first two outings, the Bay de Noc Community College Norsemen scored their first intercollegiate basketball victory last night, a 70-64 decision over the Bucaneers of the Marinette

County Campus of the University of Wisconsin.

Both teams entered the game without a victory, the Norsemen having lost to Gogebic College in their opener and to Sacred Heart Seminary of Green Bay on Tuesday night. The Bucaneers were winless in three starts.

The Norsemen were ahead throughout the first half and held a slim 29-28 lead at intermission. The Bucaneers came on strong in the second half and scored a couple of quick points to take the lead.

Bay de Noc was not to be denied in this game though, and regained the lead again after

eight minutes of playing time had elapsed with hustle and determination. The rebounding of Jim Boyle and Len Welling and the defensive play of Doug Benson played a big role in the Norsemen's first victory.

Bay de Noc shot 57 per cent from the field in the second half after dropping in 36 per cent of their field goal attempts in the first half. The Norsemen also improved their percentage from the free throw line as they hit 18 of 29 shots from the gift line.

Four Bay de Noc players hit double figures with Welling leading the way with 24 points on eight field goals and eight

free throws. Jim Boyle ripped the nets for 13 points and Tom Boyle and Benson each contributed 11 points to the winning cause.

Tom Biernasz paced the Bucaneers with 13 points while Roger Wood, playing on his hometown court, dropped in 12 points and Tom Place chipped in with 10. Wood is one of three lettermen on the squad and played his high school basketball for the Stephenson Eagles.

The Norsemen play Mackinac College at Mackinac Island on Monday night before returning home to face the Czechoslovakian Nationals at the Holy Name High School gymnasium on Thursday night at 8.

The box score:

BAY COLLEGE	FG	FT	PF	TP
J. Boyle	6	1	2	13
Benson	4	3	5	11
Welling	8	8	1	24
T. Boyle	4	3	0	11

Score by halves:  
Bay College 29 41—70  
Marinette Cty. 28 36—64

## Colts May End Packers' Reign

GREEN BAY, Wis. (AP) — The Green Bay Packers' three-year reign in the National Football League may come to an end this Saturday when they take on the Baltimore Colts.

Despite the extreme importance of the nationally-televised contest, it might not decide a thing.

Zeke Bratkowski is figured to get the starting nod at quarterback for the Packers.

Bart Starr hasn't thrown in practice yet this week as he is recuperating from a rib injury that was aggravated in last week's loss to the San Francisco 49ers.

Following the Baltimore clash, Green Bay takes on the Bears in Chicago to close out the season.

If Minnesota, Chicago and Green Bay should all lose this weekend, the division title would not be decided until the final day.

Baltimore, the Coastal Division leader, has to beat arch-rival Los Angeles in their season finale, despite what happens in Green Bay this Saturday, to qualify for the Western Conference championship game.

## Buckeyes Favored By Three Points

LAS VEGAS, Nev. (AP) — Bookmakers said Thursday Ohio State has advanced to a three-point favorite over Southern California in the Rose Bowl Jan. 1.

When games were first posted Tuesday the Buckeyes were favored by 1½ points.

## Trojans' Coach Demands Proof

NEW YORK (AP) — Ohio State might be the No. 1 college football team in the country, but John McKay, coach of second-ranked Southern California, won't believe it until the Buckeyes prove they can go unbeaten in 10 games.

"We think we're the best and, of course, Ohio State thinks they are," McKay said before the Heisman Trophy dinner Thursday night honoring winner O.J. Simpson of the Trojans.

"I'd like to have seen them play 10 games, though. Maybe they could have met Notre Dame in their 10th game."

The unbeaten Buckeyes played only nine regular season games while USC, with a chance to overtake Ohio State in the poll, was tied by Notre Dame last Saturday and finished at 9-0-1.

However, the Trojans get a final chance when they square off against Ohio State in the Rose Bowl New Year's Day.

McKay felt that, although the quality of opponents can't be regulated, at least there should be uniformity in the schedule with each team playing 10 games.

"After all, we would have been unbeaten and untied, too, if we had played only nine games," he pointed out.

"Fortunately, Ohio State will have to play a 10th game — against us."

## Dartball Tourney Continues Monday

Eddy's Bar and the Metropolitan will meet in the finals of the Escanaba Men's Tavern Dartball Association first half tournament on Monday, December 9, at Lark's. Game time is 8 p.m.

On Tuesday, December 10, Spars' and Bay de Noc will meet for the consolation championship at the Palm, also at 8 p.m.

## City League Monday

6:30—Hebert's vs. Stonehouse  
7:45—Robinson's vs. Tom's Signs

8:45—Merchants vs. Gafner's

Wednesday

6:30—Bay de Noc Jets vs. Gafner's

7:45—Bay de Noc 2 vs. Tom's Signs

8:45—Hebert's vs. Robinson's

## Sports In Brief

When Michigan State upset Notre Dame this fall it marked the 10th victory in 14 games for a Duffy Daugherty-coached team against the Fighting Irish. The 1966 game ended in a memorable 10-10 tie.

First baseman Rusty Staub led the Houston Astros in games played last season. He saw action in 161 National League games and led the team in batting with a .291 mark.

## Red Wings Trip NY Rangers, 4-2

DETROIT (AP) — Brains, brawn and Bobby Baun were the important elements of the game Thursday night as the last place Detroit Red Wings swept past the first place New York Rangers 4-2.

The Wings played smart hockey and made few mistakes that New York could take advantage of. They skated fast, passed well and checked hard.

In the thick of it was defenseman Baun, who continually checked Rangers out of play and blocked shots with his knees, chest, skates and stick.

Each time he left the ice the 32-year-old veteran of 12 National Hockey League seasons was cheered.

"Baun played a helluva game," said coach Bill Gadsby. "He and Douglas played good hard-hitting, tough hockey."

Baun spent 11 years with the Toronto Maple Leafs before going to Oakland in the 1967 expansion draft, then came to Detroit this year. The 5-foot-9, 182-pound giant has been affectionately known as "Boomer" in an attempt to describe the re-sounding body checks he deals opponents in a manner reminiscent of New York coach "Boom Boom" Geoffron.

But in person he seems quiet and easy going. Of the applause Thursday night he said, "That's the first time in a long time, it makes you feel good."

"There's enough reward in just winning," he added. "It was a big win; it puts us back in the ball park."

Still in last place, Detroit now is within eight points of New York and Montreal, which moved into a first-place tie with the Rangers by tying Boston 2-2 Thursday night.

Douglas added scoring punch to his defensive prowess in the Wings' victory. He scored one goal and set up two others to take over the scoring lead among NHL defensemen with 20 points (two goals and 18 assists).

However, he also figured on a Ranger goal when Rod Gilbert's centering pass during a power play deflected off Douglas at 17:07 of the second period. It was Gilbert's ninth goal of the season and 13th straight game in which he was second.

Rookie Ed Hatoum, playing his third NHL game, Pete Stenkowski and Frank Mahovlich scored the other Detroit goals. Mahovlich's broke a seven-game goal drought.

Hatoum, who will be 21 Saturday and is the only Lebanese-born player in the NHL, scored on a hard slap shot from right

wing with three minutes left in the opening period. He joined Detroit from Fort Worth in the Central Hockey League.

Stenkowski caught an inch-wide opening at 2:44 of the second period on a play started by Nick Libett and Douglas. Then Mahovlich turned in a Douglas slap at 4:50 to put Detroit safely ahead.

New York's first goal came at 12:43 of the first period when Jim Neilson scored a high slap shot from the blue line after he intercepted a Detroit clearing pass.

Rogier Crozier turned in a fine performance in the nets for the Wings. "Crozier made some big saves," Gadsby said.

He said the Wings had a few lax moments, but added: "I think we were on top of them (Rangers) most of the night. I think that was the difference."

Detroit begins a four-game road trip at Boston Saturday before returning the following Saturday to host Oakland.

## Rams' Back Has Brain Surgery

LOS ANGELES (AP) — Kelton Winston, a reserve defensive halfback for the Los Angeles Rams, underwent successful brain surgery Thursday to remove a blood clot resulting from injuries suffered in a game two weeks ago.

## Bullets Triumph To Regain First

By The Associated Press

Want to know how to control Los Angeles' rampaging Lakers? Just stop Elgin Baylor, Wilt Chamberlain and Jerry West.

Sounds impossible? Well, the Baltimore Bullets did just that Wednesday night and rode a 108-90 victory over the Lakers back into first place in the National Basketball Association's Eastern Division.

The Bullets' tenacious defense completely checked the Lakers' super trio, who spent the last five minutes of the game sitting on the bench next to disgraced Coach Butch Van Breda Kolff.

Jack Martin held Elgin Baylor to only 16 points, while Chamberlain managed only 17 and West 20. Chamberlain scored only five points in the second half and grabbed just four of his 21 rebounds after intermission while Baltimore was building a big lead.

Philadelphia sailed past Chicago 109-92 in the night's only other NBA game.

In the American Basketball Association, Indiana nipped New Orleans 118-115. Denver squeezed past Minnesota 119-118 and Oakland turned back New York 139-122.

The victory was the 20th in 27 games for the Bullets, who

moved a full game ahead of Boston in the Eastern race. The setback snapped the Lakers' three-game victory streak, but Los Angeles still has a five-game lead in the Western Division.

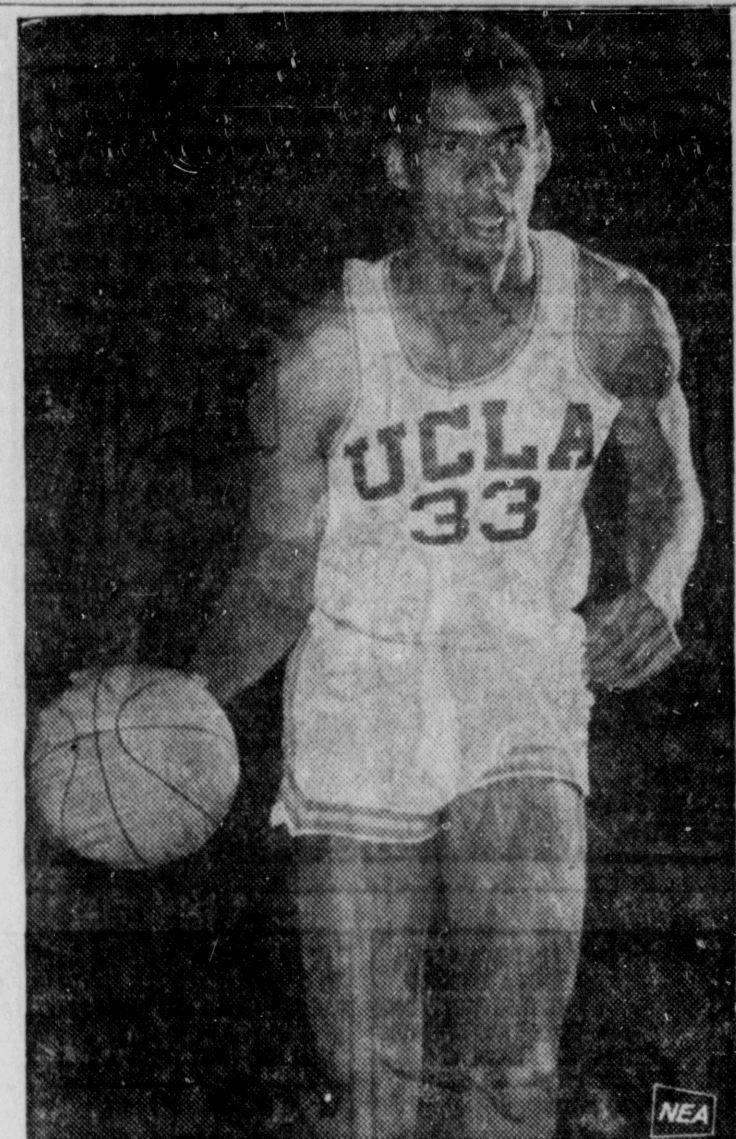

Earl Monroe led the winners with 26 points while rookie Wes Unseld grabbed 27 rebounds in outplaying Chamberlain.

The Lakers, forced to take many shots from way out of range because of Baltimore's overpowering defense, trailed 50-43 at halftime. Then Baltimore broke it open in the third quarter when Gus Johnson scored 12 of his 17 points and Unseld snared nine of his rebounds.

It also was a frustrating night for Chicago Coach Dick Motta, who benched his two 7-foot centers for the entire second half. Tom Boerwinkle had only five points and Dave Newmark was held scoreless in a first half that saw the Bulls hit only 11 of 53 shots while Philadelphia roared to a 62-29 lead.

Chicago managed to cut the gap to 13 points in the final quarter, however, as Bob Boozer scored 24 of his 33 points.

Bill Cunningham led the way for the 76ers with 23 points, while Wally Jones contributed 19

LEW ALCINDOR, agile 7 foot 2 inch giant for the number one ranked UCLA Bruins, leads the Bruins into Columbus, Ohio tonight where UCLA will be seeking its 18th straight victory against the Ohio State Buckeyes. Alcindor has led the Bruins to two straight national championships.

## Alcindor, Bruins Seek 18th Straight Tonight

By The Associated Press

Ohio State likely will find out tonight that it takes more than practice with a tennis racket to stop Lew Alcindor and the UCLA Bruins.

The country's top college basketball team and the agile 7-foot-2 Alcindor invade Columbus, Ohio, to battle the Buckeyes of the Big Ten.

In practice this week Fred Taylor, Ohio State coach, has stationed a 6-9 freshman in front of the basket with a tennis racket to simulate Alcindor's height and bat away shots.

Whether this was any help to the Buckeyes remains to be seen. UCLA will be striving for its 18th straight and its 65th victory in 66 games.

Houston, Purdue, North Carolina State, Colorado, Boston College and Western Kentucky featured collegiate play Thursday night.

Houston, No. 6 in this week's Associated Press poll, whipped Arizona at home 85-64 as Theodis Lee and Ken Spain combined for 50 points. Lee scored 26 and Spain 24.

Purdue, beaten by UCLA in Los Angeles last week, opened its home season by thumping North Dakota 116-84 behind Rick Mount's 31 points.

North Carolina State made its first visit to New York in 12 years a winning one by whacking NYU 61-49 in Madison Square Garden as Vann Willford threw in 23 points.

Cliff Meely's 24 points led Colorado over Texas Tech 81-77 at Laibbock as the Buffaloes won

their third straight. Boston College opened its season with an easy 86-66 victory over visiting LeMoyne, N.Y. Western Kentucky, No. 17 in the AP poll, enjoyed a similar home court romp over Union, Tenn., 89-54.

Southern Illinois scored on the road over Wichita State 58-51, Providence defeated Assumption, Mass., 91-84, Dartmouth overcame Amherst 52-46, Georgia downed Georgia Tech 84-74, Temple crushed Lehigh 77-62, Northwestern beat Missouri 133-92, Virginia defeated Richmond 113-92 and Bradley took North Dakota State 68-51 in other games.

Also, Kent State humbled Arizona State 92-81, New Mexico State downed Brigham Young 83-65, Texas A&M defeated Centenary 72-65 and Seattle beat Utah State 90-80.

Garden Peninsula

Mr. and Mrs. James Pizzala and family have returned to their home in Flint after visiting and hunting the past week at his parents' home, Mr. and Mrs. Herb Pizzala of Fayette. Mrs. Otis Smith accompanied them to Flint.  
Mrs. Grady Steele and daughter, Margret, have returned to Clarkston after spending Thanksgiving at her mother's home, Mrs. Louis Farley of Kates Bay.  
Mr. and Mrs. Andy Tatrow and daughter Sissie, have returned to their home in Muskegon after spending two weeks at their hunting camp and visiting at the Louis Farley home and other relatives in the area. Andy bagged an eight point buck while here.

Car Accident

Mrs. Paul Guertin has received word that her brother and family, Mr. and Mrs. Howard McNally and son, Eddie, who recently returned from Spain and are now residing in Oscoda, Mich., were on their way to visit the Guertins, when they were involved in a head-on collision. Mrs. McNally (Carmen) received severe cuts and lacerations, five year old Eddie suffered a broken leg, and Mr. McNally is at present in the Airbase Hospital in Oscoda where he underwent surgery for internal injuries.

Holiday Guests

Thanksgiving day guests at the home of Mrs. Walter Haas in Kates Bay were Mr. and Mrs. Eddie Haas of Cudehaw, Wis., Mr. and Mrs. Pete Tatrow of Curtis and Mr. and Mrs. William Haas and daughter Sharon of Nahma.

Weekend visitors at the Mildred Haas home were Mr. and Mrs. William Becks Sr. of Pickford, Mr. and Mrs. William Becks Jr. and daughter of Sault St. Marie.

Mr. and Mrs. Charles Gauthier accompanied Dorian DeRoche to Spaulding where the Gauthiers visited with relatives.

A farewell party was held at the home of Mrs. Louis Farley honoring Mrs. Farley who is leaving for the Lower Peninsula for the holidays and will continue on to California to spend the winter months with her sister, Mrs. Lawrence Lovellette of Ann Arbor.

Hunters at the Mildred Haas home were Harry Balmer and Pete Little of Port Huron and David McIntyre of Jeddco who bagged a four point buck.

Otis Smith and Donald Greene left by truck and Don Rochefort and Larry Smith left by boat for Kenosha, Wis., where they will fish chubs and process caviar.

Mr. and Mrs. James LaVallee and son James of Auburn Heights spent the Thanksgiving holiday with her parents, Mr. and Mrs. Henry Doyle and also visiting with his parents, Mr. and Mrs. Alfred LaVallee and other relatives in the area. Steve Minor of Inkster who accompanied them here stayed at the Alfred LaVallee.

Mr. and Mrs. Leo Frueh and son Matthew of Dubuque, Ia., and Mr. and Mrs. Roland Dotsch and family of Marquette visited with their parents, Mr. and Mrs. James Dotsch of Vans Harbor over the Thanksgiving holiday.

Aid For Biafrans

HOLLAND (AP) — A group of Holland high school pupils has started a campaign to collect \$5,000 to aid Biafrans in their fight against starvation. The group, known as the Student Mobilization for Biafra Relief, plans a door-to-door canvass of Holland Dec. 19. All funds will be used to purchase food and medical supplies through the American Red Cross, a spokesman said.

Card of Thanks

**Saber**  
It is useless to attempt an adequate expression of our feeling of appreciation for so many, many kindnesses shown us during this period of deep sorrow in the loss of our beloved mother. The expressions of your deep concern and tributes of respect are much too varied to enumerate. Visits, cards and expressions of sympathy, floral offerings, food and other gifts, the comforting words of Fr. Thompson and Father Carmody, the Deagan-Crawford Funeral Home, Dr. William A. LeMire, the Nurses and Aides of St. Francis Hospital, 2nd floor South, pallbearers, those who drove and offered the use of their cars, will remain a treasured memory.

Card of Thanks

**Beauchamp**  
We wish to thank our friends, neighbors and relatives for their kindness and love in our bereavement, the death of our dear Son and Brother. We are grateful to Father Isidore for his comforting words, to the pallbearers, to those who sent flowers, spiritual bouquets, and in any way. Your kindness will always be remembered.

Probate Court for the County of Delta.  
Estate of Fannie Riksen, Deceased.  
It is Ordered that on February 4, A.D. 1969, at ten A.M., in the Probate Courtroom, Escanaba, Michigan a hearing be held at which all creditors of said deceased are required to prove their claims. Creditors must file sworn claims with the court and serve a copy on John J. Bartella, executor of said estate, 516 South 9th Street, Escanaba, Michigan, prior to said hearing.  
Publication and service shall be made as provided by Statute and Court Rule.  
Dated: November 13, 1968.  
MARIE D. PETERS, Judge of Probate.  
Attorney Nicholas P. Chapekis, Attorney for Estate 808 Ludington Street, Escanaba, Michigan.

Card of Thanks

**Family Of Mrs. Rose Sabar**  
It is useless to attempt an adequate expression of our feeling of appreciation for so many, many kindnesses shown us during this period of deep sorrow in the loss of our beloved mother. The expressions of your deep concern and tributes of respect are much too varied to enumerate. Visits, cards and expressions of sympathy, floral offerings, food and other gifts, the comforting words of Fr. Thompson and Father Carmody, the Deagan-Crawford Funeral Home, Dr. William A. LeMire, the Nurses and Aides of St. Francis Hospital, 2nd floor South, pallbearers, those who drove and offered the use of their cars, will remain a treasured memory.

## MANISTIQUE

ERIC TORNBERG, right, receives congratulations from Frank S. Hoholik, president and general manager of the Manistique Pulp & Paper Co. on Tornberg's retirement after 20 years employment at the mill. Tornberg was employed in the Maintenance Dept. as a carpenter and was feted by company officials at a retirement luncheon on Thursday. (Daily Press Photo)

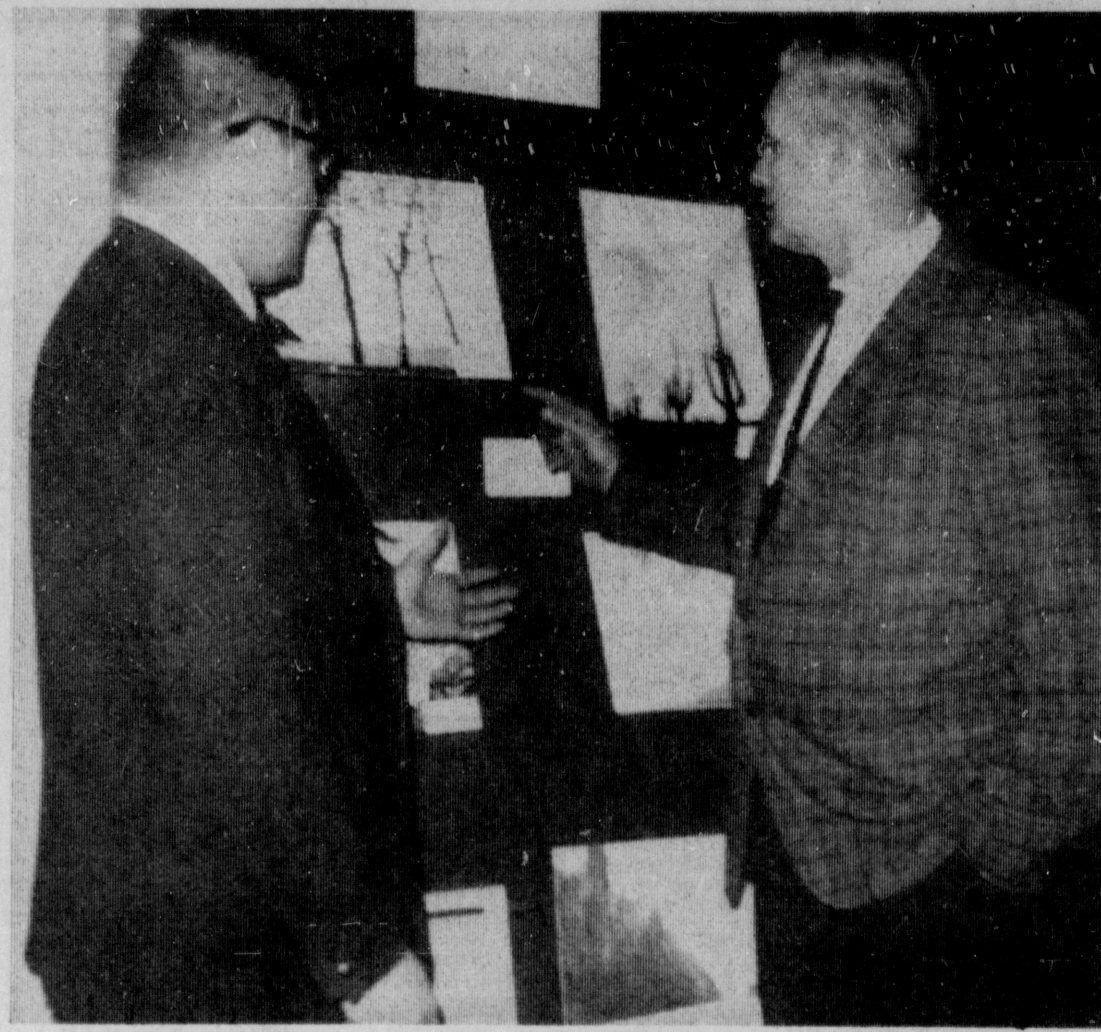

## Honor Retiree Eric Tornberg

Eric Tornberg, 20-year employee of the Manistique Pulp & Paper Co., was honored at a special retirement luncheon hosted by mill officials Thursday. Tornberg retired Dec. 1 from the Maintenance Dept. of the local mill where he worked as a carpenter.

Tornberg, who is 65 years of age, said he has looked forward to his retirement and hopes to be able to visit Sweden with his wife Elsie. He came to this country from his home near Stockholm when he was 18 years of age and worked in Chicago, Pittsburgh, and Detroit before settling in Manistique. He and his wife live in Hiawatha Township on "a little farm," as Tornberg describes their home, and are kept busy caring for their Hereford cattle and three riding horses and two ponies they board.

Tornberg said he celebrated obtaining his American citizenship in 1928 by going back to Sweden to visit his relatives and also made the trip back home in 1948.

Mr. and Mrs. Tornberg have one married daughter, Mrs. Maynard Blandford, and five grandsons who live in Manistique.

COMMUNITY SCHOOL DIRECTOR Richard Bonifas, and Area Board of Education President Denton Nelson visit the Junior-Senior PTA "mini-schedule" program Wednesday night at Manistique High School. Parents were shown an abbreviated version of their child's school day as they followed a daily school schedule and visited their children's classes. Teachers were on hand to greet the adult visitors and explain their course goals. Refreshments were served by a PTA committee. Bonifas and Nelson are standing in front of an art display in the high school. (Daily Press Photo)

## Vicki Invited To Inauguration

DESHLER, Ohio (AP) — Vicki Cole says that somehow her entire family will get to Washington for the inauguration of President-elect Richard M. Nixon.

Vicki is the 13-year-old girl who held up the "Bring Us Together" sign which gave Nixon the idea for his inaugural parade theme "Forward Together."

Nixon invited Vicki and her family to be his personal guests at the inauguration Jan. 20. She will be accompanied by her father, the Rev. David Cole, minister of the Deshler United Methodist church; her mother; two sisters, Brenda, 14, and Renee, 11, and a brother, Gregory, 7.

"We're all pretty excited," Mrs. Cole said. "It was a personal letter. I guess that's the most exciting thing."

Vicki said, "The other kids don't envy me, but they're happy for me. And they're happy for our town especially."

She said she originally had wanted Democratic Sen. Robert F. Kennedy to be president, but by the time Nixon appeared at this small northwestern Ohio town on a whistlestop tour late

## Hospital

Admitted to Schoolcraft Memorial Hospital were Janet Orr, Ellen Gould, Rickey Burris, Carol Lemaster, Cecil Hollingshead, Pearl Burns, Edna Patterson, Brian Peterson, and Glenyon Clarke.

Discharged were Chris Martinson, Bernard Paslick, Mildred Lowery, Henry Collins, Janet Orr, and James Schurbring.

## In Service

Army Pfc. Arthur A. Miller, 19, son of Mr. and Mrs. Arthur A. Miller, Rte. 1, Cooks, was assigned to the Americal Division near Chu Lai, Vietnam, as a clerk.

In October, Vicki was one of about 15 "Nixon girls" at his rally.

"I really believe Mr. Nixon is the one who can bring this country back together again," she said Wednesday.

It was at that rally that Vicki picked up the "Bring Us Together" sign off the street. She had lost her own sign which read: "LBJ Convinced Us to Vote Republican."

The person who originated the poster which ended up in Vicki's hands has not revealed himself. About 8,000 were at the rally. "I don't even think he saw it," Vicki said.

## Cowman Attends Instruction Meet

William Cowman, Schoolcraft County Treasurer, returned Wednesday from Lansing where he attended a three-day orientation and instructional session for newly-elected county officials. The meet was sponsored by the Michigan United County Officers Association and was held at the Jack Tar Hotel.

Attending the meeting were treasurers, prosecuting attorneys, clerks, sheriffs, drain commissioners, and registers from all over the state. The Association has scheduled a mid-winter meeting in Grand Rapids in January.

Purpose of the session was to acquaint the incoming county officers with various aspects of their new duties.

## Church Events

**Zion Lutheran**  
The Couples Club will hold their annual Family Christmas Potluck supper Sunday at 6 p.m. in Augustana Hall. Couples are reminded to bring their own table service and a small gift for each of their children. The Executive Committee is in charge of the arrangements and include Mr. and Mrs. Boyd Briggs, Mr. and Mrs. Larry Anderson, and Mr. and Mrs. Jack Creighton.

**St. Rita Circle**  
Mrs. William Corson entertained St. Rita's Circle at their annual Christmas party Tuesday evening at her home on Arbutus Ave. Mrs. O. F. Smits and Mrs. Al Olson were assisting hostesses.

Work assignments for the parish clothing drive and the Circle's money-project of note paper sales were delegated. During a social hour prizes went to Mrs. Robert Hawn, Mrs. Leonard Harbick and Mrs. P. P. Stammess.

Next meeting will be held Tuesday, Jan. 7 at the home of Mrs. A. J. Cayia Sr. with Mrs. Dell Bruley assisting.

**Fatima Circle**  
Women of Our Lady of Fatima Circle held a gift exchange following their Christmas dinner Tuesday night at the Fireside Inn. A short business meeting was conducted by Mrs. Richard Ketchik, leader. Next meeting will be on Jan. 8 at the home of Mrs. Ray Ranguette, Michigan Ave., with Mrs. Jules Rivard as assisting hostess.

## Fatal Mutation Caused By LSD

DETROIT (AP) — Mutations — some of them fatal — have occurred in offspring of male fruit flies which were fed the so-called "mind expanding" chemical LSD, a Wayne state University researcher reports.

"There is an extremely good chance that LSD is having the same effect on humans," said Dr. Edwin G. Vann, a geneticist who is an assistant professor of biology at Wayne.

Vann said that in the fatal mutations, a combination of two identical lethal genes in the mating process resulted in death of the offspring.

Such genes can be transmitted through generation after generation indefinitely, Vann said.

Vann said he has tested some 22,000 fruit flies over a year of experimentation. He said fruit flies have the same basic genetic mechanisms as humans.

The scientist said that while it was impossible to experiment with humans and LSD, there have been indications of a higher-than-average rate of abnormal births to users of the hallucinatory chemical.

## Committee To Study Election Of School Board By Districts

A special four-member committee was appointed by Schoolcraft County Democrats Wednesday night to investigate and make recommendations on a proposal that area school board members be elected from districts in the county — much the same as candidates were chosen in the Nov. 5 general election to the new district board of supervisors.

The thinking behind this idea is that such a system of election would provide better representation for all areas in the county and be consistent with the new county government theme of "one man — one vote."

Schoolcraft County was sectioned into seven districts last fall and a supervisor elected from each district in Nov. This new board will take office Jan. 1 and replace the present 13-man board. Under the district plan, there are three two-township districts and four city districts, including a combination township-city district, in the county.

**Seven Members**  
The current Manistique Area Board of Education is a seven member group with authority over all city and township schools, excepting Inwood Township which is aligned with the Bay de Noc system of Garden and Nahma. There are five sitting on the Area Board of Education from the city and two from the same township — Manistique Township.

## Briefly Told

**Job's Daughters** Bethel 69 will meet Tuesday, Dec. 10 at 7 p.m. in the Masonic Temple. Election of officers will be held.

**The Senior Class** of MHS will present a matinee at the high school on Thursday, Dec. 12 for elementary grade pupils. The matinee will begin at 3:40 p.m. with admission set at 10c.

**Advisory Council** of the Manistique Community School will meet Tuesday, Dec. 10 at 12 noon in Room 103 of the high school. All committee chairmen and PTA representatives are reminded of the luncheon-meeting.

Should such a proposal gain state-wide support it would be necessary to amend the Michigan Constitution to allow school candidates to be chosen in this manner.

The special committee, composed of Edwin E. Wuehle, Norman W. Jahn, Sr., Gottfrid S. Johnson and Leonard Shay, will make their recommendations at a January dinner-meeting of county Democrats.

**Johnson Re-elected**  
Wednesday night's meeting of the Executive Committee found C. Vern Johnson re-elected county chairman, Mrs. Clayton R. St. Martin of Seney as vice chairman, Earl H. LeBrasseur of Manistique as secretary and Mrs. Paul Hollenbeck, Manistique, elected treasurer.

Johnson has served as county chairman for 17 years beginning with the 10-year period between 1938-48 and again from

1961 to the present time. He was presented with a gift of appreciation for his many efforts on behalf of the party by Fred Lesica.

Lindsley Frenette, newly-elected district supervisor from Doyle No. 2, presided as temporary chairman during the meeting.

Paul Hollenbeck and Homer Weber are co-chairmen of the January dinner-meeting and may be contacted for information.

## Births

**GOULD** — Mr. and Mrs. Leonard Gould, Rte. 1, Box 142B, are the parents of a boy born Wednesday, Dec. 4 at Schoolcraft Memorial Hospital and weighing six pounds, thirteen and one-half ounces. The mother is the former Ellen Jasmin.

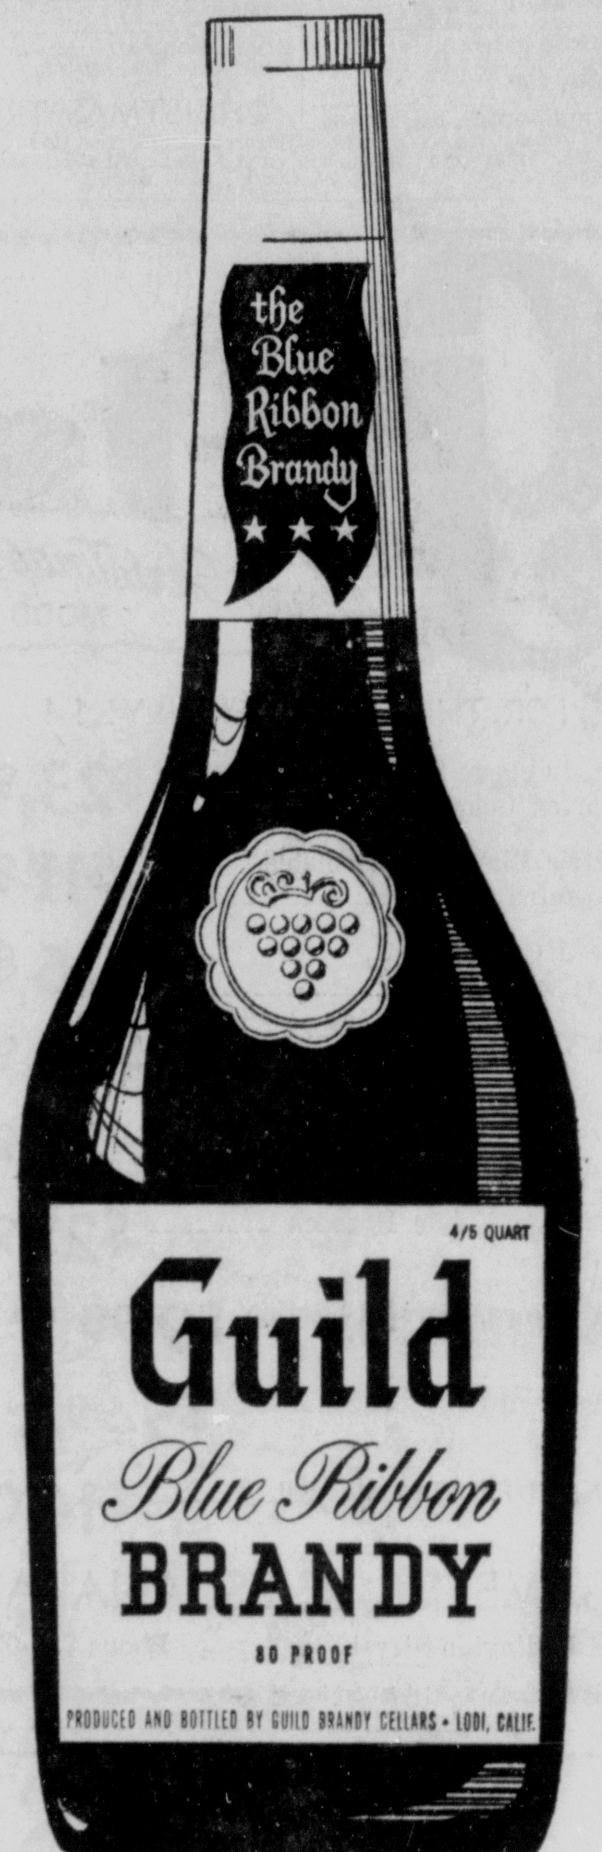

OUTGOING PRESIDENT of the Top O' Lake Chamber of Commerce, David Kelly congratulates newly-elected president Denton Moir after his election Thursday. Moir, manager of the J. C. Penny Store in Manistique, was selected by the executive board of the Chamber for a two-year term. He has served as Retail Division chairman of the Chamber and has been an active Chamber member during his three-year residency in Manistique. (Daily Press Photo)

JEANNE TUFNELL, Cindy Frenette, Jan Archey and Linda Archey, members of the 4-H Teen Club, participated in the program at the 4-H leaders recognition banquet Tuesday night. Jeanne described Youth Week at Michigan State University; Cindy was mistress of ceremonies; Jan led the 4-H pledge of allegiance. The banquet was sponsored by the Inland Lime & Stone Co. Guests included Miss Ingrid Tervonen, Extension home economist, and Donald E. Brown, 4-H agent for Schoolcraft and Delta counties. (Handorf Photo)
